# KNOW YOUR POWER INGREDIENTS !

## Suvarna Bhasma

Ayurveda has described Suvarna bhasma as a potent Rasayan that helps in cellular rejuvenation. It is a natural means of removing toxins from the skin and has a strong antibiotic action. It improves radiance, enhances complexion and gives revival from aging.

## Astaxanthin

It is the purplish red pigment found in seaweeds and algae, Haematococcus pluvialis. It is an antioxidant that protects each dermal layer from damage. It is 6000 times stronger antioxidant than Vit C and it elicits cellular renewal, slows down the aging, gives glowing and clear skin.

## Resveratrol

Resveratrol is the rare polyphenolic compound naturally found in red wine, peanuts, grapes, blueberries and some other berries. It is an antioxidant with anti-inflammatory activity and is a natural blood circulation enhancer. It provides daily skin care and recovery from various cutaneous disorders.

## Coenzyme Q10

It is also known as Ubiquinone, an antioxidant for the protection and support of mitochondria, the powerhouses of skin cells. It helps ATP production and maintenance of energy for healthy skin metabolism. It increases cellular energy metabolism, stimulates collagen and elastin production thereby, reducing the signs of aging.

## Tetra Hydroxy Curcumin (THC)

THC is obtained from Curcuma longa, turmeric. It is the highly concentrated form of curcumin that is effective for skin brightening. It is the potent antioxidant that scavenges free radicals and provides healthy skin nutrition.

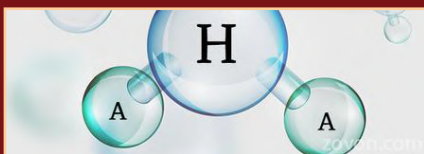

## Olive Squalane

Olive oil is the source of olive squalane. It is a natural emollient with the highest moisturizing action. It prevents damage caused by free radicals and reactive oxygen species and also the effects of harmful UV radiation. It soothes the irritated skin with its anti-inflammatory and photo-protective potential.

## Ascorbic Acid

The ascorbic acid used in agefyte products is the purest, stable and natural form derived from citrus fruits. It is a skin-conditioning agent with whitening and antioxidant properties. It possesses micro cleansing action and improves acne spots and depigmentation of skin.

## Alpha Hydroxy Acids (AHA)

AHA in agefyte products are sourced from fruits. It shows cleansing action without the harsh effects of soap. It provides clean and clear skin with soothing action. AHA causes exfoliation, brightening and smoothening of fine lines and wrinkles.

## Apple cider vinegar

It is prepared from the fermentation of apples and is a powerful exfoliator with moisturizing effect that tones skin. It unclogs blocked skin pores and removes excess sebum. It maintains the pH balance of skin and protects skin.
