## NEED OF HAIR NUTRITION

Poor nutrition, environmental pollution, stress, and existing diseases play a major role in the deterioration of hair. Moreover, oxidative stress at cellular level and liver dysfunctioning are major reasons for hair disorders. All these factors lead to dry, frizzy, lustre-less, brittle hair with split ends.

Each 1000 mg of Nutrilong Hair Care Tablet is prepared by the following ingredients:

|   |        |                      |       |                           |        |
