arOGya KOSH

A Toptime Guide for Wellness

ArogyaKosh; a Toptime guide for wellness, compiled with information on our SwasthVed and SparrshVed range of products. "Arogya" denotes "To be Healthy" and "Kosh" denotes "Guide", "Armour", "Enclosure", "Layers". We endeavour to bring to you series of "ArogyKosh" as a tool for enrichment of our awareness of health and achieving our happiness through business.

SparrshVed

SAPIENCE OF NATURAL TOUCH

SparrshVed means the energies of touch combined with natural healing. Sparrsh brings together the wisdom of nature and the intelligence intrinsically embedded in every ingredient that profoundly restores and visibly transform. The secrets for healthy skin from age old science of Ayurveda are harvested into contemporary measures that target the actual causes at the rear of skin care issues.

CHAIRMAN' MESSAGE

Dear Toptime family;

It gives me immense pleasure to bring second edition of "Aarogya-Kosh". This volume consists of 28 products including the range of natural baby products. These products are developed with stringent quality control and modern technology; and most of the products described in this volume are covering daily personal care requirements.

I can say today, that our own manufacturing capability is complying the requirements of growing Toptime family and I can also assure you that we will keep adding quality products at affordable cost; and soon we will reach in every household.

Second edition of "Aarogya-Kosh" – The treasure of health, empowers us to get the knowledge of our products in various languages; with the launch of second edition we are initiating nation-wide product training program envisaged by our associates and driven by Doctors as trainers.

This initiative of Toptime Family not only defines the success of business but also affirms that the knowledge of spreading health in-turn makes you healthy. Let's pledge to make entire nation healthy; and entire globe as our nation.

Jai Hind, Jai Toptime

Babuulal.

Babuulal Bhawarlal Jain

RESEARCH

VISION

Transparent business plan and world class products; Toptime Family is aiming to reach every house hold; create entrepreneur propagating health and wellness rapidly.

MISSION

We inspire for healthy living by promoting natural well-being and enable people to discover their business potential. Our Topmost goal is to engage people for spreading education of preventive healthcare and lifestyle; thence to achieve their own corporal, mental and financial health. We value high quality of research and develop products that are essential for day to day living. Our in-house team of research and development follows the ideology of developing the products close to biological rhythm and nature.

AYUSH-GMP - The Good Manufacturing Practices for ASU Drugs as described in Rule 157 of Drugs & Cosmetics Rules 1945 with conditions as specified in Schedule T/GMP.

WHO-GMP Compliance certification for herbal companies is based on the strict manufacturing and quality system.

USOCA - Organic: Uttarakhand State Organic Certification Agency (USOCA) is an independent wing of Uttarakhand State Seed & Organic Production Certification Agency and provides an impartial, third party certification of organic production and handling methods in accordance with APEDA

ISO 9001:2015 specifies requirements for a quality management system where we aim to enhance customer satisfaction through the effective application of the system, including processes for continual improvement of the system and the assurance of conformity to customer and applicable statutory and regulatory requirements.

ISO 22000:2005 specifies requirements for a food safety management system

HACCP (Hazard Analysis and Critical Control Points) and ISO certifications serve different purposes, but are also complementary. Very few companies have both the certification together.

OUR JOURNEY

In the year 1985, Shri Babuulal Jain has envisioned to contribute for holistic healthcare and development of plant based remedies. He has visualised to provide highest quality herbs and to achieve this aspiration he has started working on ORGANIC cultivation of Ayurved Herbs in a farm near Guntur district, State of Andhra Pradesh of India. The 3000 acres of farm was converted into an organic field with Good Agricultural Practice and Organic cultivation guideline; thus the dream of getting the pure and organic raw herbs

1985

2005

started taking shape. The Organic herbs were ready for harvest almost in 20th Century; in year 2005, with the help of a contract manufacturing unit, our Chairman, Shri Babuulal Jain with Mr. Madanlal Kankaria (CGM) has produced the standardized extracts from the harvest and formulated several compositions under the Name of "Padmavati Pharmaceuticals" for promotion through the Doctors; with a team of 50 medical representatives and managers.

Very soon the brands like Joddaram, Dianow, Psorawin, Gynowin started becoming popular amongst Medical Doctors, Orthopaedics, Diabetologists, Dermatologist, Gynaecologists and Ayurved Doctors across the country. Thereafter sensing the need for establishing Quality Assurance; in the Year 2007, we started constructing our own

manufacturing unit in Haridwar, the land close to Himalaya enriched with plenty of natural resources, forest area, conducive climate and environment devoid of pollution. The construction & licensing was completed in Year 2007, and we started our own manufacturing on 12 December 2007; our foundation day.

Year 2009 was historical for us; with intensive research and development over 2 years; under the leadership of Dr. Aasin Maurya, we formulated Pancha Tulasi Drops; we further invested in various safety and clinical studies to launch the product in OTC segment. This was the time when we have started our OTC division and introduced Joddaram tablets and JODDARAM Oil for nationwide promotion. Looking at our formulation success; various MNCs and Pharma companies started approaching us for development

2009

2010

and further contract manufacturing of our products under private label. We have initiated the Private Label / contract manufacturing business actively since Year 2010 and very soon we have had more than 65 national and international clients for whom we started manufacturing on contract basis.

Year 2010 was significant in History of Deltas as it has started its International Veterinary Division; achieved European GMP+ and started exporting its pure herbal compound feed/feed premixes to countries like Austria, Switzerland, and Netherland etc. This was possible with great Efforts of Finance, R&D, Manufacturing and Marketing team of Deltas. We were the first Ayurved Company to start exporting 100% Organic Certified Complementary Feed Premixes to Europe. We proudly say that we retained our core team until date and we are present together as a team every time when needed.

Until year 2013, we were working on “Private Label” in exports and have registered “Padmavati Pharmaceuticals” over 12 countries for human and veterinary exports. This year was very significant in our history; since this year we became “DELTA Pharmaceutical” from “Padmavati Pharmaceuticals”; the renaming process was based on numerical suggestions. This year Deltas have started its Human Products’ Export Division and started registering our specially designed and unique products under guidance of Shri Suresh Jain. Incubating the Vision of our Chairman, our Director, Shri Suresh Jain, started promoting and propagating the business. Under his guidance and aggressive leadership Deltas passed through various expansion; we became the first Ayurved Company to incubate entire IT team for end to end ERP, development of Mobile application for

Medical Reps and state of art business intelligence, e-commerce and education tools.

Year 2016 was waiting for us; it started with a new chapter, due diligence to initiate a new division “Direct Marketing”. Before this, we have had supplied our products to various MLM companies under contract manufacturing for years, however, we have not yet decided to venture in Direct Marketing.

Our team again, has given us the support and confidence to initiate the Direct Marketing Business; and based on the confidence of our Finance, R&D, Manufacturing, Quality Assurance, Logistic and Medico-Marketing Team we have started the new division “Toptime Network Private Ltd.” in May 2016.

For us “Toptime” literally means “Healthy Living”, we inspire people for “Toptime” and support their

desire to grow the business through “Toptime”. Our Topmost goal is to engage people for spreading education of preventive healthcare and lifestyle; thence to achieve their own corporal, mental and financial health.

Today our Division “Toptime” is one of the fastest growing network in India, poised to get excellence into Ethical Network Marketing. We have launched 35 products in the span of 6 months from inception and looking forward to add another 65 herbal healthcare, personal care and animal care products in near future.

Shri Babulal Jain’s vision to take the quality products to every household in India has been nurturing through past 30 years and it is supported by approximately five hundred employees, all manufacturing partners, clients of Deltas Pharma and Thousands of “Leaders” and partners of Direct Marketing Division.

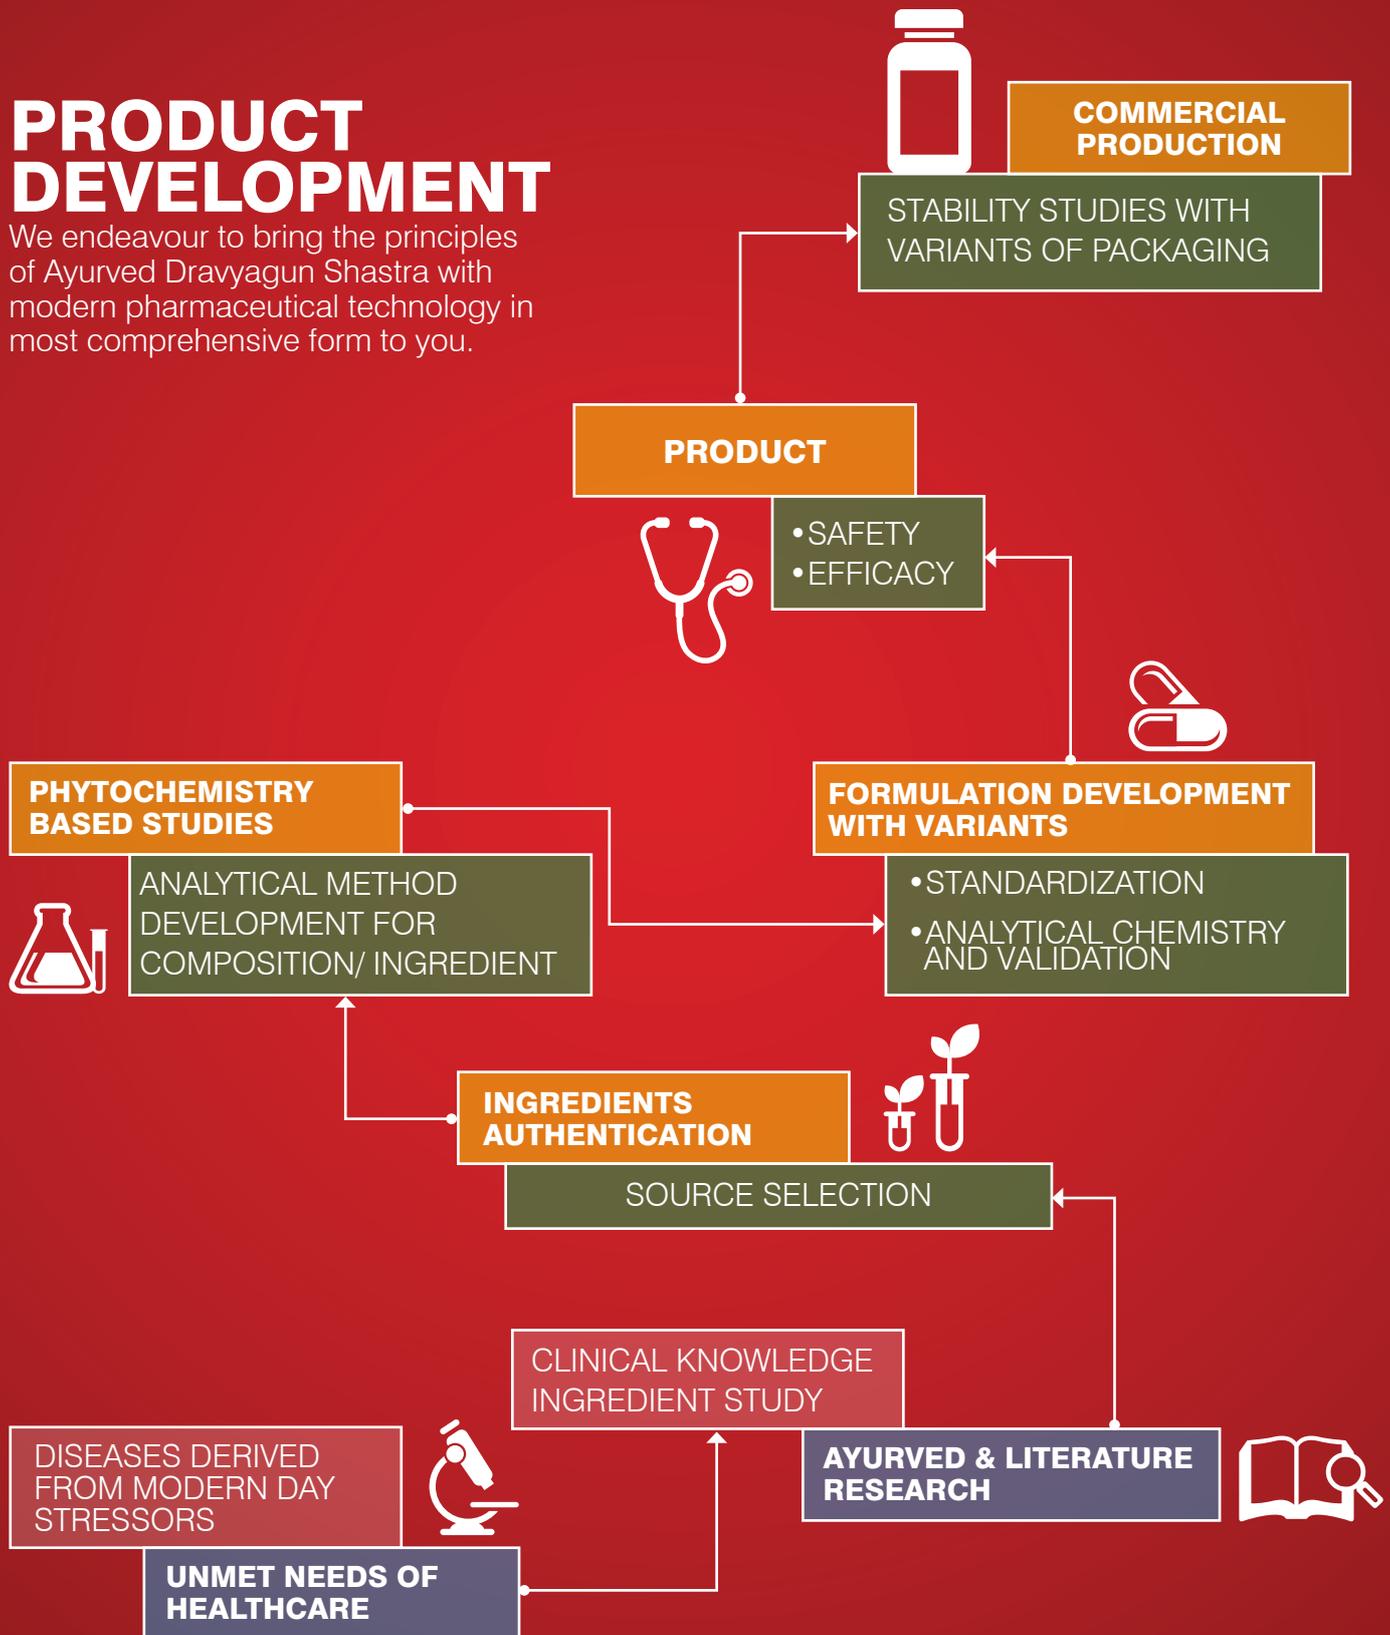

We have registered our business plan and company profile with Department of consumer affairs in 2017; soon after this we have initiated the launch of organic animal nutrition product in Toptime, then present in European market. Further, in-order to support organic farming we have launched our herbal growth promoter in 2018, these products became popular among farmers groups and widen spectrum for associates, by providing not only a healthy ROI but also supporting universal cause of reducing synthetic & harmful chemical residues.

In the year 2019, our efforts reached to kitchen and home hygiene by introducing Natural Food Products and Homecare Products; these FMCG premium products were competitively positioned to involve our associates and home makers for enhancing user base. Today our division “Toptime” is one of the fastest growing network in India, poised to get excellence into ethical network marketing.

PRODUCT DEVELOPMENT

We endeavour to bring the principles of Ayurved Dravyagun Shastra with modern pharmaceutical technology in most comprehensive form to you.

DENTACURE

Herbal Tooth Cleanser

Natural solution for healthy teeth and gums

Maintaining good oral hygiene is not only an accepted and established way to keep your teeth healthy for a lifetime; in fact it is also the best ways to help maintain good overall health. Practicing good oral hygiene habits helps maintain the health, strength, and durability of the teeth and gums which helps in the process of chewing food. Poor habits lead to cavities, tooth loss, and infected or inflamed gums, all of which hamper eating nutritious foods. When your teeth are causing pain, you are more likely to avoid eating fresh, vitamin rich foods which leads to better long-term health.

Today, research has proven many direct links between oral and general health. Some examples of this are as follows -

- Women with Gum disease show a greater incidence of pre-term, low-birth-weight babies.
- Those with poor oral care show an increased risk of developing heart disease.
- Mouth infections affect major organs.
- Problems of chewing can lead to intestinal failure, irritable bowel syndrome & other digestive disorders.

There are numerous people today around us who suffer from minor to major oral problems, such as toothache, bleeding gums, dental plaques, foul odor from mouth, cavities, sensitivity to cold foods etc.

SOLUTION

Deltas DENTAcure Herbal Tooth Cleanser is a polyherbal formulation that not only provides an efficient option against plaques, but also improves oral immunity, cleanses the teeth and provides freshness without utilizing any synthetic additives. It is a complete herbal formulation devoid of any animal based product/ingredient.

PRODUCT

DENTAcure Herbal Tooth Cleanser is a potent combination with the essence

of Clove oil specifically grown in an organic environment. It helps fight plaque and also prevents further formation of plaque in the oral cavity by virtue of its natural calcium carbonate and sodium bicarbonate.

Presence of Eucalyptus oil helps fight microorganisms and provides antimicrobial effect. Bioactive extracts of *A. arabica*, *Q. infectoria*, *Z. alatum* and *B. prionitis* are effective against periodontal pathogens - thereby reducing gingival inflammation, reducing gum bleeding and improving gum health. Presence of Ghritkumari (*A. barbadensis*) helps regulate salivation, promotes oral immunity, reduces bad breath and enhances natural cleansing of the oral cavity. Thus, collectively the entire formulation work regularly to whiten the teeth, deodorize the mouth, restore and protect the tooth enamel, reduce gum diseases, prevent gum bleeding and for fighting germs.

COMPOSITION

Each 10gm DENTAcure Herbal Tooth Cleanser is prepared by following ingredients: Ghrit Kumari Liquid Extract (*Aloe barbadensis*) Leaves Pulp 1.00%, Babool Liquid Extract (*Acacia arabica*) Bark 1.50%, Tomar Beej Liquid Extract (*Zanthoxylum alatum*) Seed 0.50%, Vajradanti Liquid Extract (*Barleria prionitis*) Leaves 0.50%, Majuphal Liquid Extract (*Quercus infectoria*) Insect Galls 0.50%, Menthol Crystal (*Mentha piperita*) Leaves (Extract) 0.20%, Clove Oil (*Syzygium aromaticum*) Floral Bud (Oil) 0.10%, Eucalyptus Oil (*Eucalyptus globulus*) Leaves (Oil) 0.20%, Permitted excipients & preservatives q.s.

APPLICATION

Brush twice a day, morning & bedtime. Use regularly in the following scenarios:

- Toothache in one or more teeth

- Pain in tooth while chewing/biting food
- Bleeding from gums
- Bad breath
- Cavities in mouth
- Yellowness of teeth

GUIDE

- **For general dental health:** Use DENTAcure Herbal Tooth Cleanser as suggested
- **For Toothache:** Use DENTAcure for brushing twice daily plus, apply PANCHA TULASI DROPS at the site of pain; small layer of DENTACURE on the painful tooth and gums.
- **In bleeding gums:** Use DENTACURE for brushing twice daily plus, apply a small layer of DENTAcure on the gums. Additionally take LIVcare Tablet
- **Bad breath:** Use DENTAcure for brushing twice daily.

Presentation: 100g

KEY INGREDIENT(S)

Vajradanti
Barleria prionitis

- Phospholipids from Tomar seeds reduce pain.
- Synergy of Vajradanti and Majuphal reduces infection and provides healing
- Polyphenols from Babool provides whitening effect. Best to apply in morning

SparrshVed®
SAPIENCE OF NATURAL TOUCH

DENTACURE Herbal Tooth Cleanser

DAILY CARE OF GUMS & TEETH FOR ENTIRE FAMILY

Dentacure Herbal Tooth Cleanser, provides instant freshness with power of essential oils and herbal extracts. Its massage helps maintaining natural circulation in gums and palates

TOPDANTUUN RED Herbal Tooth Cleanser

Polyherbal paste for teeth and gum health

Like many areas of the body, our mouth is teeming with bacteria most of them are harmless. Practicing good oral hygiene habits helps to maintain lasting durability & functioning of your teeth. Normally the body's natural defenses and good oral health care, such as daily brushing and flossing, can keep these bacteria under control. Poor oral hygiene can lead to cavities, tooth loss & infected gums.

How often do we think about the health of our gums? Most people assume their gums are healthy and neglect oral hygiene. But the health of our gums may affect our physical health. Our gums are made of a soft tissue designed to cover the bones of our teeth. The tissue forms a tight seal around our teeth to support the bones and provide a barrier to bacteria. It is important to take good care of our gums by brushing after meals & flossing daily to remove food particles between and around our teeth, and to prevent the formation of plaque on tooth surfaces.

When we have gum disease, the bacteria from our mouth can get into the bloodstream. It then produces a protein which causes the blood to thicken. This means that clots are more likely to form, and the heart is not getting the nutrients & oxygen it needs, resulting in increased risk of a heart attack. Similarly, gum disease can also cause inflammation of the blood vessels, blocking the blood supply to the brain, leading to a potential stroke. Hence, there is a need of tooth cleanser which not only protects the teeth but also gums.

SOLUTION

TOPDantuun Red Herbal Tooth Cleanser is a polyherbal formulation which is prepared with a unique blend of traditional Indian Herbs for Dantadhavan process as mentioned in the Ayurvedic Text. Dantadhavan is one of the daily regimen to clean the teeth

in order to keep them free from cavities, foul odour, scales and keeping gums healthy, which is a proper way to reduce prevalence and risk factors of Mukha Rogas (Oral diseases), upon which the entire oral as well as general health and hygiene revolves.

PRODUCT

TOPDantuun Red Herbal Tooth Cleanser contains Clove oil (*S. aromaticum*) grown in an organic environment extracted by steam distillation method. Clove oil contains a chemical called eugenol, which acts as an anaesthetic and antibacterial agent. It helps to fight plaque and also prevents progression of plaque in oral cavity by virtue of its natural Calcium carbonate and Sodium bicarbonate ratio.

Presence of Eucalyptus Oil (*E. globulus*) helps fight microorganisms and provides anti-microbial effect. Bioactive extracts of *A. arabica*, *Q. infectoria* and *B. prionitis* are effective against periodontal pathogens, thereby reducing gingival inflammation, reducing gum bleeding and improving gum health. *M. piperita* contains menthol which maintains the freshness in mouth. Gairik (Red Oxide) churna is processed as per Ayurvedic method and is used for strong gum massage & for keeping gums strong. It is also known for cleansing of teeth stains.

COMPOSITION

Each 100gm TOPDantuun Red Herbal Tooth Cleanser is prepared by following ingredients: Khadir Liquid Extract (*Acacia catechu*) Bark 1%, Babool Liquid Extract (*Acacia arabica*) Bark 1.5%, Neem Beej Liquid Extract (*Azadirachta indica*) Seed 0.5%, Vajradanti Liquid Extract (*Barleria prionitis*) whole plant 0.5%, Majuphal Liquid Extract (*Quercus infectoria*) Gall 0.5%, Menthol Crystal (*Mentha*

piperita) Leaves (Extract) 0.2%, Clove Oil (*Syzygium aromaticum*) Floral Bud (Oil) 0.1%, Eucalyptus Oil (*Eucalyptus globulus*) Leaves (Oil) 0.2%, Gairik (Red Oxide) 0.01%, Base Q.S.

APPLICATION

Brush twice a day, morning and bedtime. Use regularly in the following conditions • Gum ache • Pain in gums while chewing/biting food • Bleeding from gums • Inflammation of gums.

GUIDE

• **For general gum health:** Use TOPDantuun Red Herbal Tooth Cleanser as suggested • **For Gum ache:** Use TOPDantuun Red Herbal Tooth Cleanser for brushing twice a day plus, apply Pancha Tulasi Drops at the site of pain • **In bleeding gums:** Use TOPDantuun Red Herbal Tooth Cleanser for brushing twice a day plus, massage with a TOPDantuun Red Herbal Tooth Cleanser on the gums. Additionally take LIVcare Tablet.

HAND SANITIZER

Blend of herbal antiseptics for natural hand hygiene

While it is a common notion that viruses spread through coughs and sneezes, some germs linger on surfaces like doorknobs, desks and phones, and are transferred via fingers to the mouth, nose or eyes. Hands are the most common mode of transmission of pathogens and proper hand hygiene can help to prevent infections. Washing hands frequently can protect us from the germs that may have been transferred from direct contact with an infected person (through shaking hands) or indirect contact by touching objects and surfaces. But many a times due to non-availability of running water, soap or hand washes during travel, at workplace, shopping malls etc. people tend to skip hand washing, which makes them susceptible to many infections. Infections caused due to improper hand hygiene ranges from respiratory tract infections like cold, flu, and sneeze to diarrhoea, dysentery, shigellosis and vomiting.

In order to curb mortality and morbidity caused due to these infections, there is a need of effective remedy which could help in preventing opportunistic infections by different microorganisms in absence of running water. A liquid composition used to decrease infectious agents on the hands is termed as Hand Sanitizer.

A natural Hand Sanitizer will be the best tool for maintenance of hand hygiene practices and overall optimum health.

Hand washing should be carried out if contamination is suspected or following the use of the toilet. A natural hand sanitizer is a key to safe hygiene without the loss of moisture of hands.

SOLUTION

Deltas Hand Sanitizer is a polyherbal formulation for germ free skin which prevents infection & ensures total hand hygiene. This herbal hand sanitizer

makes sure that your hands remain supple and soft. It refreshes and leaves hand cleaned with soothing fragrance. It is non-sticky and air dries quickly so that there is no need to wash, rinse or dry your hands.

Being a completely natural formulation, it does not contain synthetic fragrances, thus safe to be used for all age groups.

PRODUCT

Deltas Hand Sanitizer is herbal formulation with active natural ingredients that kills the germs and bacteria.

It contains the goodness of Tulasi (*O. sanctum*), which is prescribed in Ayurveda for purification and also well known for its antiseptic and anti-microbial, antibacterial, antiviral, antifungal, anti-inflammatory properties. Essential oil of Tulasi contains Eugenol, as therapeutically effective constituent of Tulasi and imparts antibacterial activity. By virtue of antimicrobial activity it acts as a topical antibacterial agent for management of infections caused by many microorganisms. The anti-inflammatory, bactericidal, antiseptic and antimicrobial agents present in Ghrith kumari (*A. vera*) provide the ability to reduce, control, or even eliminate infections as it penetrates directly into the deeper layers of the skin. ALOE vera moisturizes the skin and protect hands from becoming rough and dry.

Deltas Hand Sanitizer is a skin friendly formulation which is gentle on skin and does not leave any residue on hands after drying out. It is a 100% natural product and devoid of any synthetic chemical contents.

COMPOSITION

Each 10ml Deltas Hand Sanitizer is prepared by the following ingredients; Ghrith kumari (*Aloe vera*) Leaves Pulp Liquid Ext. 0.80%, Tulsi Oil (*Ocimum*

sanctum) Leaves 0.20%, Base material with permitted excipients and preservatives q.s.

APPLICATION

Apply 2-3 ml of the gel on your palms. Rub well over the palms, back of hands and fingernails until dry. No water is required after use. Avoid contact with eyes, cuts and wounds.

GUIDE

• **General Maintenance of Hygiene:** Use Deltas Hand Sanitizer. It can also be used after washing hands with Potentia Handwash Liquid.

HIMNIDRA D-Stress Oil

Relieves congestion of head and neck; provides cooling effect

With increasingly busier lives, most of us are constantly tired. Obligation and pressures of intense daily lives make many people experience constant exhaustion, fatigue, and heaviness in head. Many describe it as, "head feels heavy, and congestion is strong". Head congestion is a type of pressure, ache, or pain that seems to affect the head, scalp, eyes, neck, shoulders, and upper back. One of the symptoms that can be incredibly distressing is the feeling of warmth in head as a result of head congestion due to vasoconstriction. Head congestion and warmth can be significantly uncomfortable and can cause headache, blurred vision, lack of concentration, pressure or tightness in the back, sides of head, or across forehead along with insomnia leading to a lot of frustration and misery thereby drastically affecting quality of life.

Many over the counter medication may help to reduce the headache and pressure, but are unlikely to reduce the warmth and congestion in head. This leads to a glaring need of a coolant massager which could impart a feeling of calmness, enhance blood circulation, and thus provides relief from the feeling of head congestion and warmth.

SOLUTION

Himnidra D-Stress Oil is a unique blend of herbs and carrier oils known to pacify head congestion, headache & anxiety. Regular application of Himnidra Oil provides feeling of freshness, improves blood circulation to scalp & brings natural sleep. It is a non-habit forming formula due to its natural composition.

PRODUCT

Himnidra D-Stress Oil is a polyherbal formulation of de-stressing herbs fortified with essential oils. By virtue of its cooling and vasodilation effect, it normalizes blood circulation, provides relief from head congestion,

head warmth & induces sleep. Sandalwood oil rich in α -santalol acts on Central Nervous System and creates a calming, harmonizing effect on the mind. Nalada (N.Jatamansi) and Sariva (H. indicus) roots calm overly active mind due to its tranquilizing effect, thereby promoting healthy sleep. Amla (E. officinalis), Manjishtha (R. cordifolia) and Yashtimadhu (G.glabra) help in relieving stress & fatigue. Bala (S. cordifolia) with its rejuvenating properties aids in nervine disorders, anxiety and sleep disorders. Bhringaraj (E. Alba) by virtue of its vasodilator effect perks up the blood flow to the head thus relieves headache and head congestion. Steam-distilled oil of Khas (V. zizanioides) possesses pleasant smell. It acts as a sedative and reduces anxiety, restlessness, insomnia and stress. Plant based herbal camphor (C. camphora) & Putiha (M. spicata) induce refreshing and cooling sensation. Himnidra Oil is a daily formula for bringing sound and natural sleep, relieves head & neck stiffness and is safe to be used for all age group.

COMPOSITION

Himnidra D-Stress Oil contains:
 Chandana (Santalum album) Stem 5%, Udichya (Pavonia odorata) Root 5%, Nalada (Nardostachys jatamansi) Rhizome 5%, Amla (Emblica officinalis) Fruit 5%, Yashtimadhu (Glycyrrhiza glabra) Root 5%, Sariva (Hemidesmus indicus) Root 5%, Bala (Sida cordifolia) Panchang 5%, Bhringaraj (Eclipta alba) Panchang 5%, Padmak (Nymphaea alba) Flower 5%, Manjishtha (Rubia cordifolia) Root 5%, Dhataki (Woodfordia fruticosa) Leaves 5%, Utpala (Nelumbo nucifera) Flowers 5%, Kusha (Desmostachya bipinnata) Root 5%, Khas (Vetiveria zizanioides) Root 5%, Priyala (Buchanania lanzan) Fruit 5%, Rasanjana (Extractum berberis) Stem 5%, Shatavari

(Asparagus racemosus) Rhizome 5%, Raktachandan (Pterocarpus santalinus) Stem 5%, Kapoor (Cinnamomum camphora) Wood Extract 2%, Putiha (Mentha spicata) Leaf Oil 1%, Lauki (Lagenaria vulgaris) Leaf Oil 9%, Sesame (Sesamum indicum) Seed Oil 33%, Coconut (Cocos nucifera) Fruit Oil 60%, Permitted Base material & Preservative q.s.

APPLICATION

Apply Himnidra D-stress Oil with gentle circular massage using fingertips all over scalp, temples, forehead, neck, back and spine. Do not allow the application around eyes or orbits.

GUIDE

- **Insomnia:** Use Himnidra D-Stress Oil with D-Stress Capsule & Noni Juice
- **Mental Stress/Anxiety:** Use Himnidra D-Stress Oil with D-Stress Capsule, Amla Juice & Active Men/Lady Capsule
- **Head congestion/Headache:** Use Himnidra D-Stress Oil with D-Stress Capsule and Noni Juice

KESH NIKHAR

Anti Dandruff Hair Cleanser

Cleansing and pH-balancing Herbal formula

Hair are one of the most important component of human body & reflect the personality and identity of the individual. Especially for women hair has been seen as a manifestation of her femininity and desirability. Healthy and beautiful hair is directly related to individual's self-esteem and self-confidence. But when hair is too fine, too frizzy, too dry, turning grey or falling out then these are the signs of dandruff. Primarily Hair care needs to be thought of in such conditions. Dandruff is caused due to growth of a fungus called Malassezia on scalp which causes flaking and itching. Therefore, a hair cleanser plays a very vital role in reducing dandruff, ensuring good hair care & maintaining a clean scalp. However, most of the over the counter shampoos and conditioner available today often contain harsh chemicals such as sulphates, zinc pyrithione & parabens etc. which may leave residue behind on scalp and further damage the hair.

Also the cleanser needs to be harsh on the dandruff and at the same time needs to be soft on hair and scalp restoring their optimum health. An option that not only helps you fight dandruff effectively, but also ensures optimal hair health to keep hair bouncy, shiny and tangle free is the need of the hour.

SOLUTION

Deltas KESH NIKHAR Anti Dandruff Hair Cleanser is a unique formulation that ensures detangling benefits for soft, healthy-looking hair. It also fights dandruff and ensures it does not return. It is developed based on Age old Ayurvedic formula with essential oils to relieve itching and flaking. It has ALOE Vera that moisturizes both hair and scalp. Henna & Tea tree oil are well known to balance pH, nourish and protect hair from further damage and provide strength to every strand of hair.

PRODUCT

Deltas KESH NIKHAR Anti Dandruff Hair Cleanser has goodness of natural Herbs. It contains pure liquefied extracts of Ghritkumari (A. vera) that has cleansing and pH-balancing properties therefore reduces dandruff and provides optimal moisturization to scalp and hair filaments ensuring a soft supple look. Ghritkumari (A. vera) and lemon Oil (C. medica) by virtue of cleansing property removes dandruff and flakes, thereby increasing oxygenation to the scalp & hair follicles.

It also contains essential oils of Tulsi (O. sanctum), Lemon (C. limon) fruit peel and Tea tree (M. leucadendron) that provide anti-fungal activity against Malassezia fungus. Thus, protects against flaking of the skin and reduces itching. Henna (L. alba) not only nourishes the hair and scalp, but also protects the natural colour and delays whitening of hair caused due to stress or other environmental factors such as pollution, heat etc.

Being completely herbal in nature, it does not contain sulfates, zinc pyrithione or parabens thus, do not cause scalp skin irritation, allergic dermatitis and eye problems after prolonged use.

Deltas KESH NIKHAR Anti Dandruff Hair Cleanser cleanses the scalp, removes and prevents recurrence of dandruff and leaves hair soft and manageable in one simple step. Thus, KESH NIKHAR Anti Dandruff Hair Cleanser provides a strong cleansing action that is gentle enough to use daily.

COMPOSITION:

Each 10ml KESH NIKHAR Anti Dandruff Hair Cleanser is prepared by the following ingredients: Ghrit kumari (Aloe vera) Leaves Pulp Liquid Extract 0.60%, Henna (Lawsonia alba) Leaves Liquid Extract 0.50%, Lemon Oil (Citrus medica) Fruit Peel 0.05%, Tulsi Oil

(Ocimum sanctum) Leaves 0.05%, Tea Tree (Melaleuca leucadendron) leaves Oil 0.10 %, Base material with permitted excipients & preservatives q.s.

APPLICATION

Can be used daily while bathing. Apply required quantity on wet hair, massage gently for 2-3 minutes & rinse with water.

GUIDE

• **Dandruff:** Use KESH NIKHAR Anti Dandruff Hair Cleanser alongwith KESH NIKHAR Anti Dandruff Hair Toner and NuHAIR Capsule.

Anti Dandruff Hair Toner

Blend of anti-microbial herbs processed in oil

Great hair is the 'crowning glory' of beauty. While we go to great lengths to maintain the shine and smoothness of our hair, there are conditions that can put brakes to managing great hair. Dandruff is one such problem that has managed to affect over half of the adult population across the world beyond gender, age & race. Not only does presence of dandruff signifies poor hair health, the white flakes can end up causing embarrassment during social occasions and can affect the self-esteem of the individual. Dandruff is caused due to growth of *Malassezia* fungus on scalp, which causes flaking and itching. Dandruff is not a petty problem that can be ignored. At the same time, it is not so big problem that can't be solved. Additionally apart from managing dandruff, it is pertinent that the quality of our hair is maintained at an optimal level. An option that not only helps to fight dandruff effectively, but also ensures optimal hair health to keep hair bouncy, shiny & tangle free can work wonders to your confidence and keep you smiling during formal and social occasions.

SOLUTION

Deltas KESH NIKHAR Anti Dandruff Hair Toner is unique & frequent use hair oil that fights dandruff while providing extra detangling benefits for soft, healthy-looking hair. It is enriched with essential oils to relieve itching and flaking caused by dandruff.

PRODUCT

KESH NIKHAR Anti Dandruff Hair Toner contains cold-pressed essential oils of Til (*S. indicum*), Lemon (*C. limon*) and Tea tree (*M. leucadendron*) that provides anti-fungal activity thereby protecting against flaking of the skin & reduce the itching. Vitamin-E and Ghritkumari (*A. vera*) provide optimal moisturization to the scalp & hair

filaments ensuring a soft supple look. Brahmi (*C. asiatica*), Jatamansi (*N. jatamansi*), Bhringraja (*E. alba*), Henna (*L. alba*) & Japakusum (*H. sabdariffa*) not only nourish the hair and scalp, but also protect the natural colour & delay premature greying of hair due to stress or other environmental cause such as pollution, heat etc. Neem (*A. Indica*) provides anti-microbial & astringent activity to prevent re-colonization of microbes and fungal organisms. Neem oil revitalizes & restores dry, under-nourished rough hair to a smooth, silky texture. Triphala provides conditioning effect and maintain the natural shine of hair. Amla (*E. officinalis*) & Akkarkara (*A. pyrethrum*) stimulates blood flow to the scalp and hair follicles and encourages dandruff free healthy hair growth. With KESH NIKHAR Anti Dandruff Hair Toner, one can get effective, dandruff relief that leaves hair soft, manageable and healthy-looking.

COMPOSITION:

Each 100ml KESH NIKHAR Anti Dandruff Hair Toner contains: Amla (*Emblica officinalis*) Fruit OSLE 1%, Harad (*Terminalia chebula*) Fruit OSLE 1%, Baheda (*Terminalia bellerica*) Fruit OSLE 1%, Karanj (*Pongamia glabra*) Seed OSLE 1%, Brahmi (*Centella asiatica*) Panchang OSLE 1%, Bhringraj (*Eclipta alba*) Panchang OSLE 3%, Neeli (*Indigofera tinctoria*) Leaf OSLE 1%, Indrayan (*Citrullus colocynthis*) Seed OSLE 0.50%, Chhoti Elaychi (*Elettaria cardamom*) Seed OSLE 0.50%, Jatamansi (*Nardostachys jatamansi*) Rhizome OSLE 0.50%, Neem (*Azadirachta Indica*) Seed OSLE 0.50%, Henna (*Lawsonia alba*) Leaf OSLE 0.50%, Yashtimadhu (*Glycyrrhiza glabra*) Root OSLE 0.50%, Chanothi (*Abrus precatorius*) Seed OSLE 0.50%, Vacha (*Acorus calamus*) Rhizome OSLE 0.50%, Dhatura (*Dhatura metel*) Seeds OSLE 0.50%, Kesut (*Eclipta*

erecta) Leaves OSLE 0.20%, Akkarkara (*Anacyclus pyrethrum*) Root OSLE 0.40%, Ghrit Kumari (*Aloe barbadensis*) Leaves OSLE 0.20%, Japakusum (*Hibiscus sabdariffa*) Flower OSLE 0.20%, Til (*Sesamum indicum*) Seed OSLE 0.20%, Lemon (*Citrus limon*) Fruit Peel Oil 0.40%, Vitamin-E (Tocopheryl acetate) 0.10%, Tea Tree (*Melaleuca leucadendron*) Leaves Oil 0.02%, Base material with permitted excipients and preservatives q.s.

TURMERIC

Multipurpose Cream

Comprehensive Multipurpose cream for entire family

Skin is the most sensitive part of our body. Our skin deals with the stressful happenings of daily life. We live in a world filled with substances which can be irritating to our skin, and we come in contact with many of these irritating substances every day during work hours, hectic travels, at home etc. These factors can cause prickly heat, skin allergies, eczema etc. Skin infections by fungi (ringworm, athlete's foot, etc.), bacteria, parasites are also very common problems and often have the symptoms like skin irritation, eczema, inflammation and redness. Most of the times, children and adults in family are more alike to face minor cuts, injuries and bruises quite often.

If left untreated, many a times these skin conditions can progress to pain, blistering and hyperpigmentation of the affected area. There are many creams available in the market for various skin conditions associated with cuts, bruises, prickly heat, allergic skin, eczema, but may not be safe due to high chemical content.

There is a need of a natural remedy for both men and women that protects from pollutants and hence a perfect multipurpose skin cream for the entire family.

SOLUTION

Turmeric Multipurpose cream is made from a combination of herbs known for their antiseptic & soothing properties which provide long lasting skin protection. It also soothes sore skin and helps maintain general skin condition. It protects the skin from damage, help in repair and regeneration of skin thus provides naturally healthy skin. Being completely free from harmful chemicals, dyes and synthetic fragrances, it can be used by entire family for treating all types of skin ailments and protecting from pollutants.

PRODUCT

Turmeric Multipurpose cream rejuvenates skin leaving it soft and supple. It contains turmeric and other herbs with wide range of benefits for the skin. Turmeric (*C. longa*) has a potent anti-oxidant curcumin which protects the skin from harmful free radicals.

It also cures inflammation by soothing irritation and regulating the production of sebum. Daru Haldi (*B. aristata*) root bark is rich in berberine & isoquinoline alkaloids. Both compounds are anti-fungal, anti-bacterial, anti-oxidant, anti-tumor and anti-inflammatory in nature. Licorice (*G. glabra*) is good for skin eruptions, including dermatitis, eczema, pruritus and cysts.

It possesses strong anti-inflammatory, antiseptic and antibacterial properties. Due to its medicinal properties liquorice reduces bleeding wounds, accelerates the healing process, and actively moisturizes the skin, providing it with natural glow. Kesar (*C. sativus*) by virtue of its anti-oxidant property acts as a skin lightning agent. It also exerts anti-inflammatory effect on chronic skin inflammation. Jatyadi tailam acts as an antiseptic and anti-fungal agent and is useful in inflammation, redness, eczema, wound healing, skin abscess, boils, eruptions etc.

Deltas Turmeric Multipurpose cream is comprehensive mixture of natural ingredients for healing wounds, burns, dermatitis & other skin conditions; helps soften skin by restoring skin moisture.

COMPOSITION

Each 10 gm Turmeric Multipurpose Cream contains: Daru Haldi (*Berberis aristata*) Root/Bark liquid extract 0.25%, Haldi (*Curcuma longa*) Rhizome liquid extract 0.50%, Tulasi (*Ocimum*

sanctum) leaves liquid extract 0.10%, Mulethi (*Glycyrrhiza glabra*) root liquid extract 0.25%, Kesar (*Crocus sativus*) stigma liquid extract 0.01%, Jatyadi tailam (Classical) 0.50% permitted base materials.

APPLICATION

Apply to the affected area 2-3 times a day.

GUIDE

• **Post shaving, wounds, burns & chapped skin:** Use Turmeric Multipurpose cream with LIVcare Tablet, PANCHA TULASI Drops and NuSKIN capsule • **Skin infection & dermatitis:** Use Turmeric Multipurpose cream with LIVcare Tablet, Psorino Tablet and NuSKIN capsule • **Skin Inflammation:** Use Turmeric Multipurpose cream with LIVcare Tablet, MOISTURISING LOTION & NuSKIN capsule.

MOISTURISING Lotion

A skin-renewing moisturiser for a long-lasting glow and continuous hydration.

Dry skin does not only create irritation & rough dull looking skin but it also makes the skin more prone to developing wrinkles & appearance of fine lines. These conditions make the skin look dull, aged and without any radiance. This makes people feel shy or embarrassed to socialize & have a fear of being labelled as unattractive.

But these problems of dry skin can be resolved simply by using an effective moisturizer. Both men and women can find many benefits by using a high quality moisturizer for their skin, each day. Moisturizing your face will help you to look and feel younger, you will have softer, more elastic skin, and it will keep your skin hydrated. All of these things are important if you want to make sure to look as young as you can in the years to come. While there are many over the counter options claiming to offer moisturizing properties, it is important that any formulation is also safe for different skin types and provides the highest levels of moisturization to the skin without making it oily and clogging the pores. Thus, an effective moisturizer should provide good long acting action as well as improve the health and radiance of the skin so as to provide holistic skin care.

SOLUTION

Deltas MOISTURISING LOTION is a purely herbal preparation that is devoid of any synthetic components that can harm the skin. It nourishes and re-energizes the skin causing radiance and healthy looking skin. MOISTURISING LOTION contains standardized plant peptides known for increasing the circulation, glow and retaining appropriate moisture for fresh looking skin.

PRODUCT

Deltas MOISTURISING LOTION has the goodness of pure organic oils.

These oils provide antimicrobial, anti-inflammatory, wound-healing, antioxidant, emollient and soothing properties, which act synergistically in improving the health of the skin. It contains pure liquefied extracts of Ghritkumari (A. vera) that acts as a potent antibacterial, antiseptic and antifungal properties, which are beneficial in treating skin wounds, allergies and insect bites. Aloe also has soothing properties which relieve dryness and itching.

Additionally purely extracted oils of Olive (O. europea), Godhum (T. sativum) wheat germ oil provide antioxidant action and hydration to the skin. Both these oils are rich in alpha hydroxy acids that help to refine texture, offer dewy smoothness and support natural microcirculation. Highly pure Shea butter used as base ingredient is known as an excellent emollient (soothing) property, it reduces inflammation and provides mild sun-protection action. Similarly pumpkin seed oil used as base ingredient provides natural cooling and anti-aging property. Thus, collectively the entire formulation removes dead skin, reduces dryness, heals the skin and keeps it soft and smooth. It provides excellent emollient action and smoothes the skin preventing cracks and wrinkles.

COMPOSITION

Each 10ml MOISTURISING LOTION is prepared by the following ingredients: Ghritkumari (Aloe vera) Leaves' Pulp Liquid Extract 1%, Godhum (Triticum sativum) (Wheat germ) Oil 0.2%, Olive (Olea europea) Fruit Oil 0.2%, Base material with permitted excipients & preservatives q.s.

APPLICATION

After cleaning face & body, apply a small quantity of MOISTURISING LOTION onto your face and body.

Massage in a circular motion.

Use regularly in the following scenarios:

- Dull dry skin: Twice a day
- Winter season: Thrice a day
- Acne/Pimples: 2-3 times a day
- Hyperpigmented patches on skin: 2-3 times a day
- Scars on face: 2-3 times a day
- Minor wounds: 1-2 times a day
- Cuts etc due to shaving: Massage skin with cream after shaving.

GUIDE

- **For a glowing skin:** Use alongwith MOISTURISING LOTION as suggested with Deltas NuSkin Capsule
- **For Pimples/Acne in dry skin:** Use alongwith Psorino Tablet, ALOE Vera Juice and LIVcare Syrup
- **Hyperpigmented patches on skin:** Use MOISTURISING LOTION alongwith LIVcare Tablet
- **Scars:** Use MOISTURISING LOTION alongwith LIVcare and SPIRILUNA Tablet
- **During winter months:** Use liberally on arms and legs.

SKIN CARE

Ayurvedic Body Cleanser

A proprietary blend of Ayurvedic herbs

Skin is the largest outermost covering of human body. Throughout the day our skin comes in contact with external stressors such as physical pollutants, suspended air particulates, bacteria, viruses and dirt. All these external factors can pile up and make our skin dull, rough and dry. Washing & bathing are the most important ways to get rid of external pollutants, dirt & bacteria.

Ayurveda accords bathing to therapeutic activity which is must for cleaning and refreshing the body. Bathing is considered as an important part of the Ayurvedic dinacharya or daily routine. It restores balance of mind, body and spirit. Bathing stimulates the blood flow under the skin. Enhanced blood circulation improves the body's ability to supply nutrients and oxygen to the tissues. It enhances physical energy levels, improves mental clarity & removes environmental toxins from the skin. A harmonious bath enhances equilibrium of digestive power and metabolism in the body.

Herbal baths are considered ideal as it is the best way to get the benefits of herbs into the bath waters so that your skin can absorb the healing properties. Not just for cleansing, herbal bath relaxes tense muscles, opens clogged pores, restores moisture to the tissues, help reduce stress, soothes the skin and adds relaxing experience for everyone.

SOLUTION

SKiNcare Ayurvedic Body Cleanser is a natural formula for maintaining oil and moisture balance. It gently washes away body impurities, without disturbing the skin's natural pH balance. It helps to keep the skin moisturised and hydrated for long hours and doesn't dry out the skin. It offers soothing effects to heal and refresh skin.

PRODUCT

SKiNcare Ayurvedic Body Cleanser is a revitalizing soap blended with age old Ayurvedic herbs to wash away body impurities.

Lemon (*C. limonum*) helps in rejuvenating the skin, clears the impurities and works as a catalyst to maintain whiter and brighter skin. Being loaded with citric acid, orange peel works as natural bleach for skin. It heals mind and body with its fresh mild aroma. Manjistha (*R.cordifolia*) heals inflammation and gives the skin an even tone and smoothness. Tea tree oil (*M. leucadendron*) contains strong antibacterial and antifungal compounds that are known to reduce inflammation of the skin. It helps to reduce whiteheads, blackheads, pimples and other blemishes, as well as disinfects the skin pores too.

Neem (*A. indica*) oil comprises of two major compounds named Azadirachtin and triterpenoid which gives neem oil its antiseptic and antifungal properties. Vitamin E and essential fatty acids present in neem oil penetrates deep into the skin thereby healing cracks caused by dryness. Aromatic Sandalwood oil (*S. album*) enhances the therapeutic value of the bath, through soothing sense of aroma. It has a calming effect on brain, nervous system and mind.

Deltas SKiNcare Ayurvedic Body Cleanser gives a gentle and effective cleansing experience.

COMPOSITION

Each 10gm SKiNcare Ayurvedic Body Cleanser is prepared by: Lemon (*Citrus limonum*) Fruit peel liq. ext. 0.10%, Tulsi (*Ocimum sanctum*) Leaves liq. ext. 0.20%, Orange (*Citrus reticulata*) Fruit peel liq. ext. 0.10%, Manjistha (*Rubia cordifolia*) Root Liq. ext. 0.10%, Chandan (*Santalum album*) Heart wood oil 0.10%, Tea tree (*Melaleuca*

leucadendron) Leaves oil 0.01%, Neem (*Azadirachta indica*) Seed oil 0.10%, Base material & Preservatives q.s.

APPLICATION

Apply the soap with water on the skin, make foam and leave for 2-3 minutes, rinse with water and pat dry.

SKIN CARE

Fairness Body Cleanser

Enriched with skin nourishing herbs

Maintaining skin fairness is an ongoing process. Hyperpigmentation or tanning is a common, yet harmless, skin condition, where some areas or patches of skin turn darker in colour. It is usually caused due to over exposure to sun & air pollutants, poor blood circulation under skin, dehydration and skin injuries or inflammation etc.

Overexposure to sunlight increases melanin production which ultimately gives skin darker color. Poor blood circulation often results in lack of skin oxygenation which can also cause skin pigmentation, dark spots or blotchy complexion. Normally our skin maintain its own moisture level however extreme temperatures, air-conditioning, heaters, soap, medications, sun, alcohol & smoking can affect moisture protection barrier of skin. Dehydrated skin shows symptoms of dryness, flakiness, irritation, and cracking leading to prematurely aged skin. In some cases, the skin tone can also become dull and may even look ashy.

Hyperpigmentation is not necessarily a painful skin condition, but the skin discoloration can lead to frustration, isolation, embarrassment, stress, feeling of dejection and in general unhappiness. Although, there is a wide range of soaps and cleansers available in market, but the harsh chemicals present in these products can take a toll on the skin and damage it permanently. Therefore, it is very much necessary to opt for a natural solution which could solve the issue of skin tanning and hyperpigmentation without any side effects.

SOLUTION

SKiNcare Fairness Body Cleanser is formulated for deep pore cleansing alongwith cleaner, brighter & fairer skin. The herbal active present in this unique formulation reduces the inflammation in skin which ultimately down regulates

melanogenesis in skin. It also prevents radiation related damage in skin by retaining needed moisture into skin. It makes your skin appear soft, radiant & youthful by its rich moisture content. It acts as a perfect solution for skin hyperpigmentation, uneven skin tone and dark spots.

PRODUCT

SKiNcare Fairness Body Cleanser is formulated with age old Ayurvedic concept for clear and glowing skin. The aloesin, a bioactive compound present in Ghritkumari (A. vera) is known to exhibits antityrosinase activity thereby inhibits melanin production. Aloe Vera exhibits anti-oxidant property and helps to restore dry and flaky skin. It also acts as natural exfoliant, helps in the exfoliation of the dead cells giving the skin replenished radiant glow. Sandalwood oil (S. album) being rich in α -santalol, is a potent inhibitor of tyrosinase. The natural oils present in sandalwood enhance skin complexion, soothes harsh sunburns and clears skin tanning. Curcumin and other curcuminoids constitute the main phytochemicals of Turmeric (Curcuma longa). Tetrahydrocurcumin (THC) a phytoactive in Curcumin has been found to suppress melanogenesis in stimulated melanoma cells through down regulation of melanogenesis related proteins such as tyrosinase.

It is suitable for all types of skin. Being made of all natural herbal ingredients, it does not cause any side effects.

COMPOSITION

Each 10gm SKiNcare Fairness Body Cleanser is prepared by: Ghrit kumari (Aloe vera) Leaves pulp liq. ext. 0.50%, Haldi (Curcuma longa) Rhizome liq. ext. 0.25%, Chandan (Santalum album) Heart wood oil 0.25%, Base material & Preservatives q.s.

APPLICATION

Apply the soap with water on the skin, make foam and leave for 2-3 minutes, rinse with water and pat dry.

POTENTIA

Antiseptic Hand Wash

Natural antiseptic hand wash for hand hygiene

Hand washing is not only important for medical fraternity but also by general public for the prevention of many infectious diseases. Skin being the most exposed part of our body requires protection from pathogens. Nosocomial infections are the hospital infections that have emerged as a critical issue in patients' care outcome, resulting in extended hospitalization and substantial morbidity and mortality. The hands of Healthcare workers is the primary route of transmission of pathogens from infected person to others. A handwash with anti-septic, non-greasy, easy rinsing, gentle formulation, providing basic cleaning prevents harsh effects of chemical handwash.

Hand wash is a major factor in the prevention of many diseases especially those which spread by faeco-oral route. In developing countries, hand washing with soap is recognized as a cost-effective, essential tool for achieving good health and even good nutrition. It is better to wash the hands or use a hand antiseptic before and after dealing with a sick person to reduce the spread of germs. The main medical purpose of washing hands is to cleanse the hands of pathogens (like bacteria or viruses) and chemicals which can cause harm or disease. The outbreak of swine flu in 2009 led to increased awareness in many countries of the importance of washing hands with soap to protect oneself from such infectious diseases. Posters with "correct hand washing techniques" are mandatory to get better results. Perfect handwashing technique with result oriented product plays a major role in serving the purpose of handwashing.

Natural handwash liquids are of prime importance as they not only cleanse the hands but also provides moisturizing effect. Thus, a product serving many purposes together is a perfect balance for hygiene. Daily

use of natural handwash helps in the prevention of many diseases. But alongwith the procedure, the product plays a major role in serving the purpose of handwashing.

SOLUTION

Potentia ANTISEPTIC HAND WASH is designed to protect hands from germ infection and thereby preventing many diseases. Since, it is blessed with the goodness of Natural neem it kills germs, moisturize and care for your hands. It guards against 100 illness causing germs than ordinary soaps. Thus, imparts safe hygiene and health.

PRODUCT

It is a 100% natural product that contains neem oil (A. Indica) derived with supercritical extraction which prevents harmful microbes. Anti-microbial, anti-bacterial & anti-fungal activities of Ghritkumari (A. vera) and Ambahaldi (C. amada) gives protection from germs. The pH is well-balanced with natural oils and thus it does not cause dryness. It does not contain any preservatives. It is a natural antiseptic hand wash for hand hygiene and overall health.

COMPOSITION

Each 10ml of the Potentia ANTISEPTIC HAND WASH is composed of Ghritkumari Liquid Extract (Aloe vera) 2%, Neem Liquid Extract (Azadirachta Indica) 1%, Aamba Haldi Liquid Extract (Curcuma amada) 1%, Excipients: Sodium Laureth Sulphate 38%, Cocamidopropyl Betaine 8%, Cocomono Ethanolamide 3%, Disodium EDTA 0.05%, Glycerine 3%, DM Hydantoin 0.30%, Green Colour 0.04%, Perfume Neem 0.50%, DM Water Q.S.

APPLICATION

Useful for Hand hygiene and keeps hand soft. It can be used before

touching babies and diseased person especially infectious diseases to prevent transmission of infections.

It can be used daily for hand washing before meals, before cooking, after defecation, after sports for maintenance of general hygiene.

It can be carried easily during travelling and can be used for maintenance of hygiene in remote areas.

Its natural contents prevent dryness of hands and hence, can be used by patients of eczema and other skin disorders.

GUIDE

Apply 2-3 ml on wet hands, massage gently on the palm, fingers, in between the fingers, around nails, around wrist and wash hands with running water. Follow this procedure for complete hygiene. Store in a cool, dark and dry place. Not for internal use, only external application is indicated

LEH BERRY Face Cleanser

Anti-oxidant & revitalizing face wash

Sebaceous glands secrete an oily, waxy substance called sebum. Sebum acts as a delivery system for anti-oxidants, antimicrobial lipids, and hydrates the outermost layer of skin.

Sebaceous glands are part of the body's immune system. It acts as a barrier to bacteria, viruses, and other potential contaminants that might penetrate the skin. It also plays an important role in maintaining the natural pH of skin. Sebaceous glands also play an important role in maintaining the integrity of the skin, as a moisture barrier and protects surface of the skin from drying out.

But there are a number of factors that can affect the functioning of sebaceous glands leading to disturbed natural moisture barrier of the skin. Some common causes include natural age-related decline, inappropriate cleansers, dry conditions/climate and excessive sun exposure etc. Unfortunately usage of synthetic cleansers and soap often leads to the depletion of moisture barrier in the skin; strip the natural oils from the skin. Ultimately affecting the skin's integrity, causing dryness, disturbs skin's immunity against germs and microbes etc.

Thus, there is a need of a natural cleanser which could retain and restore the much needed natural oils and moisture of the skin.

SOLUTION

Leh Berry Face Cleanser is an Ayurvedic formulation which restores natural oil in skin and maintains moisture barrier of skin. It helps to replenish and rejuvenate the skin by making it soft and supple.

It is a 100% natural, synthetic preservative free herbal formulation which is safe to be used by both men and women.

PRODUCT

Leh Berry Face Cleanser is an Ayurvedic formulation to brighten the skin, reduce ageing signs and pigmentation.

Leh berry fruit is a rich source of Vitamin A, Vitamin E and Omega 7 fatty acids which are considered to be the essential nutrients for skin. All these fatty acids and natural oils help keep skin hydrated, avoiding dryness. It also contains minerals like Zinc and selenium which have high anti-oxidant properties. It rejuvenates skin by enhancing skin's ability to retain moisture, boosts collagen production, rejuvenates skin cell membranes, restores youthful resilience and plumpness to ageing skin cells.

Leh berry fruit is a super source of vitamin C, thus help to reduce the appearance of wrinkles and even skin tone. By virtue of Carotenoids and Beta carotenoids leh berry assists in slowing aging process.

Regular use of Deltas Leh berry Face Cleanser helps to brighten skin, fade fine lines, wrinkles, ageing spots and aids flawless complexion.

COMPOSITION

Each 10ml Leh Berry Face Cleanser is prepared by following ingredients: Badriphal (Hippophae rhamnoides) Fruit Liquid Ext. 2.00%, Base materials with Permitted Excipients and Preservatives q.s.

APPLICATION

Gently apply required quantity of face cleanser all over face and neck in circular motion, rinse with fresh water.

NEEM FACE Cleanser

Anti-microbial face Cleanser for all types of skin

Although human skin acts as a biological shield against day to day exposure to bacteria, chemical and physical air pollutants, the prolonged or repetitive exposure to high levels of these pollutants have profound negative effects on the skin.

Exposure of the skin to these pollutants has been associated with inflammatory or allergic skin conditions such as acne, inflammation, redness & eczema which can take away the beauty of skin. Washing face thoroughly every day is a critical step in reducing the burden that these factors put on skin. Although there are many face cleansers available in market to relieve facial irritations, the occurrence of acne and allergies is on a rise. High chemical content in these cleansers can exacerbate skin conditions leading to further damage.

Thus, there is a need of effective herbal face cleanser which could solve the problem of inflammatory and allergic skin conditions.

SOLUTION

Deltas NEEM FACE CLEANSER is a herbal formulation to clean impurities and pimples from the skin. It helps to open clogged pores, eliminates dead cells & excess oil preventing outbreak and recurrence of acne and pimples without stripping away excess moisture.

It is completely free from harsh synthetic chemicals and fragrances thus, can be used for all skin types without any side effects.

PRODUCT

Deltas NEEM FACE CLEANSER is an effective herbal remedy which eliminates the impurities, dirt and oils on the face. Alongwith deep moisturisation of the skin it helps fight acne and pimple causing bacteria.

The natural anti-bacterial and anti-fungal properties of Neem (*A. indica*)

eradicates skin infections, pimples and acne causing bacteria and also help in preventing further outbreak. It also has Vitamin C which removes dullness and impurities hence makes the skin look fresh. The anti-inflammatory properties of neem soothes the inflammation, pain and redness caused by skin infections and also help in removing blackheads, acne, scars and pigmentation.

Turmeric (*C. longa*) essential oil extracted from the roots of turmeric plant possess anti-allergic, anti-bacterial, anti-microbial, anti-fungal and anti-parasitic properties. Turmeric oil is rich in anti-oxidants, thus help diminish fine lines and wrinkles from skin.

Curcumin present in Turmeric liquid extract have anti-oxidant properties that help to regenerate skin and accelerate wound healing. It protects skin by reducing inflammation and neutralizes free radicals. Olive oil (*O. europaea*) contains three major antioxidants vitamin E, polyphenols, and phytosterols, which protects the skin from damage. It penetrates deeply into the skin while providing a cleansing effect.

Deltas NEEM FACE CLEANSER has medicinal properties of neem and other herbs that is highly beneficial for all kinds of skin infection. It removes impurities, dead cells and lightens the complexion.

COMPOSITION

Each 10ml NEEM FACE CLEANSER is prepared by following ingredients: Haldi (*Curcuma longa*) Rhizome Liquid Ext. 0.10%, Neem (*Azadirachta indica*) Internal Bark Liquid Ext. 0.10%, Methi (*Trigonella foenum-graecum*) Seed Liquid Ext. 0.10%, Haldi Oil (*Curcuma longa*) 0.35%, Olive Oil (*Olea europaea*) 0.10%. Base Materials with Permitted Excipients and Preservatives q.s.

APPLICATION

Gently apply the required quantity of face wash all over the face and neck in circular motion and rinse with fresh water.

FACE NIKHAR

Anti Acne Face Cream

Blend of anti-inflammatory, antimicrobial and age defying herbs.

Acne is the most common skin disease. People of all races and ages get acne. But it is most common in teenagers and young adults. An estimated 80 percent of all people between the ages of 11 and 30 have acne outbreaks at some point. Some people, even in their forties and fifties still get acne. Poor diet, microbial infection, oily skin etc are common causes of acne. While Acne may not be a serious condition in itself, yet the consequences of acne may have a deeper effect on the psychological aspect of the sufferer. People with acne often tend to be reserved, feel shy or embarrassed to socialize and have a fear of being labelled as unattractive.

Additionally, in many people, acne can leave permanent scars on the face and other parts of the body - further leading to lowered self esteem & poor personality. Many a times, people often do not recognize acne early. Acne presents in different forms - such as Whiteheads, Blackheads, Papules, Pustules and Cysts. Identifying them as acne and treating them early goes a long way in clearing the skin and preventing scar formation. While there are many over the counter options claiming to treat acne, it is important for a formulation to be tough on acne but at the same time be soft on the skin. Skin that is prone to acne often reacts to creams containing synthetic steroids or synthetic chemicals. Thus, an effective remedy for acne should work on removal of acne as well as improve the health and radiance of the skin so as to provide holistic skin care.

SOLUTION

Deltas FaceNikhar ANTI ACNE FACE CREAM is a purely herbal preparation that is devoid of any synthetic components that can harm the skin. It not only treats acne eruptions, but also nourishes and re-energizes the skin causing radiance & healthy looking skin.

PRODUCT

Deltas FaceNikhar ANTI ACNE FACE CREAM has the goodness of pure organic herbs. These herbs provide antimicrobial, anti-inflammatory, wound-healing, antioxidant, astringent, emollient and soothing properties, which act synergistically in the management of acne. It contains pure liquefied extracts of Ghritkumari (A. vera) and Neem (A. indica) that act as a potent antibacterial, antiseptic and antifungal properties, which are beneficial in treating skin wounds, allergies and insect bites. Aloe also has soothing properties which relieve dryness and itching.

Additionally extracts of O.sanctum, C.longa, D. carota, V. vinifera, G. glabra, C. sativus and C. limon provide antioxidant action and relieve the burning and itching associated with acne. Thus, collectively the entire formulation work treats pimples and skin eruptions, healing infection while keeping the skin soft and smooth. It has excellent astringent, styptic and cooling properties derived from the goodness of each of its organic components.

COMPOSITION

Each 10gm FaceNikhar ANTI ACNE FACE CREAM is prepared by the following ingredients: Ghritkumari (Aloe vera) Leaves Pulp Liquid Extract 4%, Tulsi (Ocimum sanctum) Leaves Liquid Extract 2%, Haridra (Curcuma longa) Rhizome Liquid Extract 2%, Gajar (Daucus carota) Root Liquid Extract 1%, Draksha (Vitis vinifera) Seed Liquid Extract 1%, Mulethi (Glycyrrhiza glabra) Root Liquid Extract 1%, Apple (Pyrus malus) Fruit Pulp Liquid Extract 1%, Nimbu (Citrus limon) Fruit Peel Liquid Extract 1%, Kheera (Cucumis sativus) Fruit Pulp Liquid Extract 1%, Neem (Azadirachta indica) Bark Liquid Extract 1%, Chandan (Santalum album) Heart Wood Liquid Extract 0.5%, Badam (Prunus amygdalus) Seed Liquid Extract

0.5%, Base material with permitted excipients and preservatives q.s.

APPLICATION

Wash face before applying this cream. After washing apply a small quantity of cream on face and rub softly in circular motion.

Use regularly in the following

- scenarios:**
- **Dull skin:** twice a day
 - **Acne/Pimples:** 2-3 times a day
 - **Hyperpigmented patches on skin:** 2-3 times a day
 - **Scars on face:** 2-3 times a day
 - **Minor wounds:** 1-2 times a day
 - **Cuts due to shaving:** Massage skin with cream after shaving.

GUIDE

Retains moisture and makes skin radiant and beautiful. Useful to prevent Acne and Wrinkles with astringent herbal ingredients

BE FAIR cream

Phytoactives nurturing complexion and radiance for men

While beauty has always been related to women, men today are not far behind in grooming themselves to look presentable and smart. Nature has gifted Indians with a skin tone that is neither too fair nor too dark; but due to the pollution, hot tropical climate, sun exposure and high humidity in many areas, our skin tends to lose luster and appear dull and faded. Added to this, men are more likely to work or spend longer portions of the day in the sun/outdoor which makes them more susceptible to harmful, aging effects making their skin dull and tanned. While there are many over the counter options claiming to help with a fairer and glowing skin, but use of these chemical based options can cause hindrance to skin care & can be harmful for skin in the long run. Man's skin is tougher and more robust than woman's skin therefore it requires a different approach towards skin care.

Thus, use of herb derived actives can be an effective option to maintain the natural glow and nourished skin for men; enabling them to confidently edge towards social and professional opportunities.

SOLUTION

BE FAIR cream is a purely herbal preparation that is devoid of any synthetic components that can harm the skin. It contains plant based peptide which helps in nurturing complexion and radiance. It provides a natural emollient action, regenerates cells ability for retaining moisture; reduces dark spots and improves the glow of man's tough skin. BE FAIR cream nourishes the skin making it brighter and gives instant fairness.

PRODUCT

BE FAIR cream has the goodness of pure organic herbs. These herbs provide strong nurturing action by its

anti-oxidant, emollient and soothing properties. All herbs act synergistically to ensure a smooth, soft, radiant and fair skin.

It contains pure liquefied extracts of Ghrithkumari (*A. vera*) which inhibits the process of melanogenesis, acts as astringent to tighten the pores thus improves skin integrity. Manjistha (*R. cordifolia*), Cucumber (*C. sativus*) extracts and Mulethi (*G. Glabra*) possesses astringent, moisturizing & emollient properties.

They replace outer dead cell layer of skin with new healthy cells, thus removes dark spots, tanning and provide fresh and young looking skin. Carrot (*D. carota*) contains high amounts of beta-carotene, vitamin A, minerals and antioxidants to clean up the skin from minor blemishes and spots. Basil (*O. sanctum*) & sandalwood (*S. album*) is loaded with powerful antioxidants and nutrients so as to naturally clear skin complexion with healthy glow. Almond (*P.amygdalus*) protects skin from oxidative stress and UV rays, making it soft and supple.

Thus, collectively the entire skin lightening & brightening formulation works as an UV ray protectant, evens skin tone and ensures nourishment and moisturization of skin without making it greasy.

COMPOSITION

Each 10gm BE FAIR cream contains: Ghrith kumari (*Aloe vera*) Leaves's Pulp Ext. 4%, Manjistha (*Rubia cordifolia*) Root Liquid Ext. 3%, Haridra (*Curcuma longa*) Rhizome Liquid Ext. 2%, Mulethi (*Glycyrrhiza glabra*) Root Liquid Ext. 2%, Gajar (*Daucus carota*) Root Liquid Ext. 1%, Draksha (*Vitis vinifera*) Seed Liquid Ext. 1%, Tulsi (*Ocimum sanctum*) Leaves Liquid Ext. 1%, Apple (*Pyrus malus*) Fruit Pulp Liquid Ext. 1.00%, Kheera (*Cucumis sativus*) Fruit Pulp

Liquid Ext. 1%, Chandan (*Santalum album*) Heart Wood Liquid Ext. 0.50%, Badam Oil (*Prunus amygdalus*) Seed 0.50%, Base materials with permitted excipients & preservatives q.s.

APPLICATION

After washing face, take a small quantity of cream on your hand and dab all over the face. Massage in circular motion until absorbed. It can also be applied post shaving for soft and supple look.

GUIDE

- **For a glowing skin:** Use BE FAIR cream with LIVcare Tablet
- **Hyperpigmented skin:** Use BE FAIR cream with LIVcare Tablet
- **Blemishes/scars:** Use BE FAIR cream with LIVcare Tablet and SPiriluna tablet
- **For Pimples/Acne:** Use it with FaceNikhar ANTI ACNE CLEANSER & Active ALOE vera Juice.

FACE NIKHAR

Anti Aging Cream

Herbal actives for alleviating premature skin aging

Everyone secretly wish to have a youthful skin that defies age. Many people suddenly notice appearance of fine lines and wrinkles on the skin that haven't been there before. While skin aging usually starts in 40s, but in some cases, the signs of skin aging appear much earlier. This is known as premature aging of skin. Premature aging of the skin cannot be attributed to just one cause. Various environmental and physiological factors have a profound effect on the skin.

Premature aging occurs due to free radicals such as ultraviolet radiation from the sun, stress, lack of sleep, smoking and pollution from the environment which can damage the skin, cause fine lines, wrinkles, age spots and loss of elasticity. Long term exposure to sunrays can accelerate the aging process by damaging the underlying collagen, thus making the skin appear scaly, dry, wrinkled and dark. Many chemical rich anti-aging invasive therapies such as chemical peeling, injectable fillers etc. are available today, but many a times it could trigger allergic reactions leading to permanent skin damage. A natural anti-aging solution which could help to reduce the symptoms of premature skin aging is the need of the hour.

SOLUTION

FaceNikhar ANTI AGING CREAM contains the goodness of leh berry (*H. rhamnoides*) fruit which is known for its anti-oxidant and anti-aging properties. This polyherbal formulation imparts needed hydration and nutrition to minimize fine lines, blemishes, age spots and loss of elasticity.

It is a natural nutrient rich cream with essential vitamins, minerals and antioxidants for visibly firmer, radiant and youthful skin. It is developed with 100% natural actives and majorly natural base.

PRODUCT

FaceNikhar ANTI AGING CREAM is extremely effective for premature skin aging, blemishes and pigmentation. Leh berry (*H. rhamnoides*) fruit is a rich source of Vitamin A, Vitamin E and Omega 7 fatty acids, which are considered as essential nutrients for skin. It protects skin cells from UV rays, promotes tissue and collagen regeneration; reduce skin wrinkles & premature skin aging. Ghritkumari (*A. vera*) stimulates fibroblast, making the skin more elastic & less wrinkled. Manjistha (*R. cordifolia*) helps heal inflammation & renders smooth and even tone to the skin. Mulethi (*G.glabra*) is rich in natural antioxidants such as glycyrrhizin, triterpene, saponins and flavonoids which plays an important role in skin brightening & anti-aging. Pumpkin seed oil rich in antioxidants and Vitamin E preserves the skin's youthful appearance by preventing cell damage. Zinc & natural minerals found in pumpkin promote the production of collagen giving new life to tired skin. Sea buckthorn oil (*H. rhamnoides*) slows down the signs of aging by nourishing the tissues in your skin.

Nutrient-dense moringa oil (*M. oleifera*) helps remove wrinkles and prevents the sagging of facial skin as well. Natural constituents present in Almond oil (*P. amygdalus*) gets readily absorbed in skin to replenish & reduce dryness in the upper layers of the skin. With anti-inflammatory and anti-oxidant properties, curcumin helps counteract the effects of aging.

COMPOSITION

Each 10gm FaceNikhar ANTI AGING CREAM contains: Ghrit kumari (*Aloe vera*) Leaves Pulp Liquid Ext. 3%, Mulethi (*Glycyrrhiza glabra*) Root Liquid Ext. 3%, Manjistha (*Rubia cordifolia*) Root Liquid Ext. 3%, Kushmanda (*Cucurbita pepo*) Seed Oil 0.30%,

Badriphal (*Hippophae rhamnoides*) Fruit Oil 0.20%, Shigru (*Moringa oleifera*) Seed Oil 1%, Haridra Oil (*Curcuma longa*) Rhizome 0.27%, Badam (*Prunus amygdalus*) Seed 0.50%, Pudina (*Mentha spicata*) Whole plant Ext. (Crystal) 0.30%, Base material with permitted excipients and preservatives q.s.

APPLICATION

Massage gently over cleansed face twice a day.

GUIDE

- **Premature Skin aging:** Use FaceNikhar ANTI AGING CREAM with NuSKIN capsule and Leh Berry face wash
- **Rough and scaly skin:** Use FaceNikhar ANTI AGING CREAM with NuSKIN capsule, LIVcare Tablet & Leh Berry Face Cleanser
- **Hyper pigmented skin:** Use it with NuSKIN capsule, Spot free cream & Leh Berry Face Cleanser
- **Wrinkles and fine lines:** Use it with NuSKIN capsule, LIVcare Tablet and Leh Berry Face Cleanser.

Natural actives in anti-aging cream promotes circulation, nourishes skin, stimulates nutrition of cells, increases skin's resilience and elasticity

FACE NIKHAR

Spot Free Cream

Natural formula for dark spots, age related melasma and pigmentation

A beautiful skin is not about just a fair and glowing skin, but also a skin that is clean and free of blemishes. Blemishes refer to dark marks or skin discoloration generally caused due to acne, whiteheads and blackheads. It can also be attributed to factors like poor diet, overexposure to the UV rays, improper skin care, aging, hormonal imbalance and genetics.

The unsightly blemishes are most common on the face, neck, shoulders and back but generally can appear anywhere on the body. Also women nearing menopause tend to show signs of melasma (dark pigmentation on face) which is mostly triggered by long term sun exposure. While dark spot or blemishes on the skin might not be a medically serious condition, yet its consequences may have a deeper effect on the psychological aspect of the sufferer.

People with dark spots or blemishes often tend to be reserved, feel shy or embarrassed to socialize and have a fear of being labelled as unattractive, further leading to lowered self-esteem.

While there are many over the counter options claiming to reduce skin blemishes, but many a times harsh chemicals in such options may accelerate skin aging & trigger multiple skin problems. Hence, it is of prime importance to have an effective remedy that could lighten dark spot, revitalise & rejuvenate skin so as to provide wholistic skin care.

SOLUTION

FaceNikhar SPOT FREE CREAM is a purely herbal preparation that is devoid of any synthetic components that can harm the skin. It contains plant based phytoactives that are essential for lightening the black spots, blemishes and scars. It exfoliates the superficial dead cells and revitalizes the skin by improved turnover of healthy epidermal

cells. It also nourishes, replenishes and re-energizes the skin to improve the overall health and radiance of the skin.

PRODUCT

FaceNikhar SPOT FREE CREAM offers potent phytoactive components that are emollient, wound-healing, anti-oxidant, astringent, anti-inflammatory, antimicrobial and soothing for skin.

THC from standardized extracts of Haridra (*C. longa*) suppresses melanin formation and ensures a smoother process of cleansing of dead cells from superficial skin layer. This helps to lighten the skin and reduces dark spot naturally.

Pure liquefied extracts of Mulethi (*G. glabra*) controls the secretion of melanin in skin; reduces dark spots and makes the complexion fairer. Extracts of Amla (*E. officinalis*) provides potent anti-inflammatory & anti-oxidant activity to ensure protection from free radical damage in the skin. Ayurvedic texts have enumerated Manjistha (*R. cordifolia*) as skin lightening agent (*varnya*) which ensures even complexion and lighten dark spots.

Collectively the entire formulation evens skin tone by effectively dealing with dark spots, blemishes, melasma & pigmentation while restoring glow. Furthermore boosts skin health by catering to its well-being and is safe to be used for long term without any side effects.

COMPOSITION

Each 10gm FaceNikhar SPOT FREE CREAM contains: Haridra (*Curcuma longa*) Rhizome Liquid Ext. 0.50%, Mulethi (*Glycyrrhiza glabra*) Root Liquid Ext. 3%, Manjistha (*Rubia cordifolia*) Root Liquid Ext. 3%, Amla (*Emblica officinalis*) Fruit Liquid Ext. 0.30%, Base materials with permitted excipients and preservatives q.s.

APPLICATION

After washing face, apply a thick layer of cream on dark spots rigorously with massage and a thin layer on rest of skin. Wash after 30 minutes of application. Use regularly in following scenarios • **Scars:** 2-3 times a day • **Dark spots/Hyperpigmented skin:** 2-3 times a day • **Dull skin:** twice a day • **Acne:** 2-3 times a day • **Age related melasma:** 2 times a day.

GUIDE

• **Scars:** Use FaceNikhar SPOT FREE CREAM with FaceNikhar ANTI ACNE CREAM & SPIriluna Tablet • **Dark spots/Hyperpigmentation:** Use FaceNikhar SPOT FREE CREAM with Active Amla Juice • **Dull skin:** Use FaceNikhar SPOT FREE CREAM with LIVcare Tablet • **Acne:** Use FaceNikhar SPOT FREE CREAM with FaceNikhar ANTI ACNE CREAM • **Age related melasma:** Use it with LIVcare Tablet.

FACE NIKHAR

Anti Acne Cleanser

Comprehensive blend of herbs for cleansing acne for oily skin.

Oily skin and acne are closely related. But many people with dry skin too have acne due to many underlying causes such as microbial infection etc. An estimated 80 percent of all people between the ages of 11 and 30 have acne outbreaks at some point. Some people, even in their forties and fifties still get acne.

People with dry skin also have to continuously face the problem of wrinkles and fine lines appearing on the skin. Along with acne, these conditions make the skin look dull, aged and without any radiance. This makes people feel shy or embarrassed to socialize and have a fear of being labelled as unattractive.

Additionally, in many people, acne can leave permanent scars on the face and other parts of the body further leading to lowered self-esteem & poor personality. While there are many over the counter options claiming to treat acne, it is important for a formulation to be tough on acne but at the same time take care of the dryness and other symptoms of the dry skin such as wrinkles and fine lines. Thus, an effective remedy for acne for people with dry skin, should work on removal of acne as well as improve the health & radiance of the skin so as to provide holistic skin care.

SOLUTION

Deltas FaceNikhar ANTI ACNE CLEANSER is a purely herbal preparation that is devoid of any synthetic components that can harm the skin. It not only treats acne eruptions, but also nourishes and re-energizes the skin causing radiance and healthy looking skin. FaceNikhar ANTI ACNE CLEANSER contains ALOE vera that provides soothing effect & A. Indica exfoliates the skin keeping it soft and supple.

PRODUCT

Delta's FaceNikhar ANTI ACNE CLEANSER has the goodness of pure organic oils. These oils provide antimicrobial, anti-inflammatory, wound-healing, antioxidant, emollient and soothing properties, which act synergistically in the management of acne.

It contains pure liquefied extracts of Ghritkumari (A. vera) with potent antibacterial, antiseptic and antifungal properties which are beneficial in treating skin wounds, allergies and insect bites. ALOE vera also has soothing properties which relieve dryness and itching. Additionally pure extracts of Neem (A. Indica) and Tulasi (O. Sanctum) provide antibacterial and anti inflammatory effect. Thus, collectively the entire formulation treats pimples and skin eruptions, heals infection while keeping the skin soft and smooth. It provides excellent emollient action and smoothens the skin preventing acne and acne marks.

COMPOSITION

Each 10ml FaceNikhar ANTI ACNE CLEANSER is prepared by the following ingredients: Ghritkumari (Aloe vera) Leaves Pulp Liquid Extract 10%, Neem (Azadirachta Indica) bark extract 5%, Tulasi (Ocimum sanctum) leaves 5%, Base material with permitted excipients and preservatives q.s.

APPLICATION

For people with dry skin - Wash face 2-3 times a day with plain water and FaceNikhar ANTI ACNE CLEANSER (Do not use soap). After washing apply a small quantity of lotion on face and rub softly in circular motion.

Use regularly in the following

conditions: • **Dull dry skin:** Twice a day • **Acne/Pimples:** 2-3 times a day • **Hyperpigmented patches on skin:** 2-3 times a day • **Scars on face:** 2-3 times a day • **Minor**

wounds: 1-2 times a day • **Cuts etc due to shaving:** Massage skin with cream after shaving.

GUIDE

• **For a glowing skin:** Use Face Nikhar ANTI ACNE CLEANSER as suggested with Deltas NuSkin Capsule
• **For Pimples/Acne in dry skin:** Use it along with ALOE vera Juice and LIVcare syrup • **Hyperpigmented patches on skin:** Use it along with LIVcare Tablet • **Scars:** Use it along with LIVcare Tablet and SPIriluna tablet.

FRESH UNDER EYE Cream

Formula for soothing and regulating blood circulation around eyes

Eyes are the window to the soul. It is said that eyes reflect our personality without help of words. But often the beauty of eyes is hampered by dark circles, puffiness, baggy appearance & tired looking eyes. These ailments can equally affect men & women, all skin types and skin colors.

There are many reasons for dark circles to appear under eyes; like stress, fatigue, vitamin deficiency, lack of sleep, congestion, hormonal changes, hectic lifestyle, hereditary and many more. But if not treated on time, it will not only dull your overall appearance, but also bring about a chronically fatigued look and making you look older than actually you are. While a good sleep and healthy lifestyle is important to reduce the dark circles to some extent, but for many people hectic schedules does not allow them to balance their lifestyle appropriately. There are many products available in market to reduce under eye circles. But these lightening products often contain chemical bleaching agents which can irritate delicate and extra sensitive under-eye skin making it tougher, darker & wrinkly. This leads to a glaring need of herbal remedy which not only helps to cure the stubborn dark circles, but also offers a highly rejuvenating experience and an instant fresh look without any side effects.

SOLUTION

Deltas Fresh UNDER EYE Cream is a plant based under eye cream that is formulated specifically for the delicate skin around the eye to brighten and reduce the appearance of under eye dark circles, puffiness and wrinkles. It is formulated from well-researched age old ayurvedic formula which by regulating blood circulation brightens the areas around eyes. It detoxifies and moisturizes under eye skin, reduces fine lines, wrinkles under the eyes thereby rejuvenating your eyes.

PRODUCT

Fresh UNDER EYE Cream offers herbal peptides that provide strong anti-oxidant action, improves micro circulation and clears under eye circles, pigmentation and blemishes. Haridra (C. longa) and Ghritkumari (A. vera) ensures a smoother process of removal of dead skin cells to allow a natural cellular turnover of skin, reduces dark under eye spots and makes the skin healthy and glowing. Also by virtue of its natural inflammation property it reduces fine lines, wrinkles and congestion under eyes.

Arjun (T. arjuna) contains natural flavonoids and alkaloid & have potent skin lightening, anti-aging and emollient properties. Bilva (A. marmelos) provide anti-inflammatory activity to reduce the baggy appearance and improve blood flow to the peripheral area around the eye. Kushmanda (C. pepo) is a rich source of carotenoids and Vitamin E thereby alters the skin texture and smoothness. Godhum oil (T. sativum- Wheat Kernel) is natural source of Vitamin E, soothes the skin to relieve dryness and itching. Their emollient action helps keep the skin soft and supple ensuring a fairer tone and natural glow on the face. With its herbal and safe ingredients, one can protect the delicate skin around eyes, from dark circles. It can be used by both men and women and is suitable for all skin types without any side effects. Regular use of this cream can make your eyes dark circle free and youthful.

COMPOSITION

Each 10gm Fresh UNDER EYE Cream contains: Haridra (Curcuma longa) Rhizome Liquid Ext. 0.10%, Ghrit kumari (Aloe vera) Leaves' Pulp Liquid Ext. 1%, Arjun (Terminalia arjuna) Bark Liquid Ext. 0.10%, Bilva (Aegle marmelos) Leaves Liquid Ext. 0.10%, Kushmanda Oil (Cucurbita pepo) Seed Oil 0.10%,

Godhum Oil (Triticum sativum- Wheat Kernel) Oil 0.20%, Base materials with permitted excipients and preservatives q.s.

APPLICATION

Apply a small amount below eye brows and eyes after cleansing, gently massage until absorbed.

SQUIZE Cream

Polyherbal intimacy enhancement cream

As a women's body ages, its effects are seen not only on the skin and other parts of the body but also in the genitals. Over a period of time, multiple factors such as natural aging, excessive sexual indulgence, hormonal imbalance, etc cause many changes in the female body. One such change that is increasingly being elaborated by women above 45 years of age is the loosening of vaginal muscles leading to lesser pleasure from intimacy.

This is known to affect both partners psychologically and can create problems in relationships.

As women continue to emerge socially stronger than ever before, they have also started asserting their right to their own bodies and look at enhancing their intimacy experience at any age. They no longer want to stay bound by barriers of age and are more than ready to experience the joys of 16 at the age of 60.

A solution that can care for their requirement and support in maintaining good genital health can go a long way in supporting them & helping them in their relationships & partnerships.

SOLUTION

Deltas Squeeze cream is a specifically formulated herbal female intimate cream - 100% natural and comprehensive formula for youthfulness and rejuvenation.

The Lajvanti (*M. pudica*) extract provide tightening effect on vaginal epithelium and provide anti-oxidant effect. Ingredients like Peepal (*F. religiosa*), cutch (*A. arabica*) & Indian gooseberry (*E. officinalis*) rich in poly phenols provide superior anti-oxidant, toning and soothing effect. Indian Barberrry (*Berberis species*) provides natural healing and antimicrobial effect. Bayberrry (*Kaiphal*)-(*M. nagi*) prevents laxity of tissues and enhances the lubrication effect.

PRODUCT

Deltas Squeeze cream is specially formulated with active plant based ingredients that are purely natural. The product contains herbal extracts like that of Lodhra (*S. racemosa*), Manjistha (*R. cordifolia*) and Peepal (*F. religiosa*), all of which improve blood count, increase blood circulation and thus provides longer arousal time.

Daruhaldi (*B. species*), Babool (*A. arabica*) and Kaiphal (*M. fragrans*) help maintain a natural pH in the genital area thereby avoiding infections and protection from microbial colonization. These also help reduce any foul odor - again leading to a pleasurable experience during intimacy. Dhatriphal (*E. officinalis*) and Ber (*Z. jujuba*) are potent antioxidant that maintain cell health and avoid cellular aging. The entire formulation is based on fruit derived aromatic flavor so that it remains safe even if ingested. Also the pleasant aroma remains for 6-8 hours providing fresh and long lasting arousal. These ingredients also help reduce infection of the vaginal tract through local applications.

COMPOSITION

Each 10gm Squeeze cream contains extract of the following ingredients: Lodhra (*Symplocos racemosa*) bark 50mg, Manjistha (*Rubia cordifolia*) root 50mg, Peepal (*Ficus religiosa*) bark 50mg, Lajvanti (*Mimosa pudica*) Panchang 50mg, Daruhaldi (*Berberis species*) bark 50mg, Kaiphal (*Myrica nagi*) fruit 50mg, Jaiphal (*Myristica fragrans*) fruit 50mg, Babool (*Acacia arabica*) bark 50mg, Ber (*Zizyphus jujuba*) fruit 50mg, Dhatriphal (*Emblica officinalis*) Fruit 50mg, Permitted Excipients and preservatives q.s.

APPLICATION

• **Method for use:** Wipe vaginal area with a soft cloth, then take ½ Finger

Tip Unit (1 cm) cream on fingers and apply around genital area with gentle massage. Repeat at least 2-3 times a week • **For general hygiene:** Use 2 times a week • **For firmness:** Use 3-4 times a week • **For dryness as lubricant:** Use once a week • **Foul odor:** Use 2-3 times a week with appropriate wash.

GUIDE

• **For general hygiene:** Use Squeeze cream with V-Hygiene WASH • **For firmness:** Use Squeeze cream & pre wash area with V-Hygiene WASH & use PANCHA TULASI Drops with Royal Honey for Her • **Peri menopausal symptoms:** Use it with ALOE vera Juice, Deltas ActiveLady and GYNOCare Tablet • **Foul odor, Vaginal discharge:** Use it with V-Hygiene WASH.

Polyherbal care for sagging, providing firmness

Good healthy breasts are signs of youth, virility and fertility. In many cultures across the world, a women's reproductive health is gauged from the size and health of the breasts. While women have breasts of different sizes and shapes, those with adequate firmness and shape are not only considered to be healthier but also superior in terms of natural rules of selection.

Women with bigger and healthier breasts are considered to be more attractive and appealing to the opposite gender. Even in social situations, it is generally noted that women with larger breasts command more self-confidence and have a stronger personality due to wider social acceptance.

The size of a woman's breasts is determined by a number of factors. These factors include genetics, hormones and past medical history. In many cases, the size of the breast can be increased with a good diet, appropriate exercises and proper micro nutrition and tissue support.

Additionally, across all ages of women, adequate caring for breasts can prevent sagging with age and maintain the firmness - thereby increasing physical appeal and improving the overall confidence and personality.

SOLUTION

Deltas URAOZ cream is a specifically formulated herbal cream that help reduce sagging of breasts and improve the firmness. Being completely herbal, it is safe and devoid of any ill effects on the skin tissue and has no risk of any hormone dissolution into the breast tissue.

PRODUCT

Deltas URAOZ cream is specially formulated with active plant based

ingredients that are readily and safely absorbed into the breast tissue. Herbs present in URAOZ cream retains moisture and enhances the circulation.

Herbal extracts like that of Bel (*A. marmelos*) and Ghritkumari (*A. vera*) smoothen the skin, improve contour and maintain firmness.

Micronutrients from herbs like Neem (*A. indica*), Arjun (*T. arjuna*) and Jamun (*E. jabolana*) improve blood circulation in the tissues and help reduce fine lines and stretch marks.

The entire formulation is based on fruit derived base aromatic flavor - so that it remains safe even if ingested.

COMPOSITION

Each 10g URAOZ cream contain extract of the following ingredients: Bel (*Aegle marmelos*) bark 100mg, Kumari (*Aloe indica*) leaf 75mg, Neem (*Azadirachta indica*) leaf 25mg, Jamun (*Eugenia jabolana*) bark 75mg, Vada (*Ficus indica*) bark 50mg, Peepal (*Ficus religiosa*) bark 100mg, Arjun (*Terminalia arjuna*) bark 75mg, Permitted Excipients and preservatives q.s.

APPLICATION

• **Method for use:** Wash breasts with a mild soap and wipe it gently. Thereafter apply URAOZ cream in circular and upward motion until it is absorbed completely. Repeat the process once again. URAOZ cream can be applied regularly. Repeat 2-3 times a day • **For young adolescents (to improve size):** Use 2 times a day • **To maintain firmness:** Use 3 times a day • **To prevent sagging:** Use 2 times a day. • **Natural contour:** Use once daily

GUIDE

• **To maintain firmness:** Use it with V Force capsule & Royal Honey For Her • **To prevent sagging:** Use

it with THERMOGENIC Tea • **Post menopausal:** Use it with ALOE Vera Juice & GYNOCare tablet • **To maintain Vigor:** Use URAOZ cream with Royal Honey For Her.

STRECHEZ Cream

Instant toner for skin, diminishing stretch marks and fine-lines

Strips look good on tigers and not on human body. Men and women can get stretch marks on several parts of their bodies, including the belly, thighs, hips, breasts, upper arms, and lower back. The marks form in the dermis, the middle layer of skin that allows it to retain its shape. When constantly stretched, the dermis can break down, leaving stretch marks behind.

This kind of scarring happens when skin doesn't bounce back after it's been stretched by pregnancy, weight gain, or extreme weight loss. The marks often start off looking reddish or purplish & then become glossy, making the skin appear to be streaked. Stretch marks can make you feel self-conscious and uncomfortable about your appearance. Fortunately, we have some natural way to reduce the appearance of stretch marks.

SOLUTION

Deltas STRECHEZ Cream is a blend of herbal ingredients that averts and corrects marks naturally. STRECHEZ Cream hydrates, softens, nourishes, rejuvenates the skin and supports in reducing the appearance of unsightly scars in a natural way. It diminishes discoloration visibly. It is helpful to remove stretchmark and enhances the softness of skin. It improves the texture of skin.

PRODUCT

STRECHEZ Cream is a unique blend of high quality natural ingredients that soften, smoothen, and help diminish the appearance of scars. It is useful to promote skin rejuvenation; thereby reducing fine lines, stretch mark and slacking skin, too. Ghritkumari (A. vera) helps heal, rebuild and fade scars from surgeries like c- sections, weight loss and other. Helianthus annuus hydrates and adds suppleness to the skin. Bottle gourd leaf (L. siceraria) helps protect

delicate scar area while alleviating itching. Godhum (T. vulgare) restores skin's natural texture and colour and minimizes formation of new scars.

It is a non-sticky and pleasant aromatic cream. This cream is designed for use by both men and women who are looking for a solution after weight loss or weight gain.

COMPOSITION

Aloe vera (Aloe leaf) 2.00%, Piper longum (Long pepper fruit) 0.20%, Lagenaria siceraria (Bottle gourd leaf) 1.00%, Olea europaea (olive seed) 0.20% Cream Base: Helianthus annuus, Glycine max, Triticum vulgare, Butyrospermum parkii, Vitamin E acetate, Triethanolamine, Allantoin, Di Sodium EDTA, Retinyl palmitate, Petrolatum, Glycerine, Cetostearyl alcohol, Cetyl Alcohol, CCTG, Glyceryl monostearate, DC 245 (Dimethicone), Brij-721 (Monebat S-1821), Carbopol-940, AquaXYL, Microcare MPS, Stearic Acid, Fragrance Ultra, DM water.

APPLICATION

Method for use: Use Skin Cleanser Milk before application of STRECHEZ Cream and apply sufficient STRECHEZ Cream in the direction of stretch lines with gentle circulatory and downward motion, until completely absorbed by the skin. It is best to apply STRECHEZ Cream after you have had a shower or a bath, when your skin is still slightly damp.

For pregnancy: Pour some of the cream into your hand and then use your other hand to gently rub it into the skin of your bump and any areas that can be prone to stretch marks, including your legs, hips and back. Massage it gently on your bump in an upward to downward motion twice a day.

Special instruction for usage: STRECHEZ Cream consists of natural extracts and essential oils useful

for enhancing the circulation of skin and reducing the stretch mark. The increased blood flow provides a sensation of warmth and the application of STRECHEZ Cream creates mild to moderate redness with mild irritation; this enhances the absorption of natural ingredients in skin, the redness and mild irritation may remain for 1-2 hours and then subside on its own. In case if irritation persists for a longer time, you may stop the application, since you have sensitivity for cream.

GUIDE

- **For pregnant women:** Use STRECHEZ Cream daily with MOISTURIZING LOTION
- **For Chronic Stretch Mark and fine lines:** Use STRECHEZ Cream with NuSkin Capsule and Active aamla Juice
- **For Hypopigmented lines:** Use it with LIVcare Tablet and NuSkin Capsule
- **For Regular use:** Use it daily with SKiNcare Body Cleanser.

V-HYGIENE Wash

Instant toner for skin, diminishing stretch marks and fine-lines

A women's body is unique and special as its normal anatomy and physiology are distinctly active through the entire life. As a woman grows from a girl into a woman and later on as an elderly person, her body undergoes multiple changes through its lifetime. The uniqueness of a woman's body also makes her susceptible to many ill effect - notable amongst them are the higher incidence of having a urinary tract infection and problems related to hygiene of her private intimate parts.

While traditionally women used to be confined into their homes, they could care for their hygiene in a better way but with more and more women taking up an active role in society it is increasingly difficult for them to be able to pay attention to their intimate hygiene. The natural pH of healthy vagina is acidic and is essential for growth and sustenance of a healthy bacterial colony. The healthy bacteria work as the natural protective barrier of vagina, preventing the growth of unfriendly bacteria, yeast and fungi in the area. Disturbance of this natural pH is the primary reason of vaginal infections, itchiness, irritation, odour, dryness and discharge.

The female organs have a soft tissue lining that needs to have a hygiene solution which is mild as well as effective. Traditionally available soaps and washes are not the right fit as they often contain harsh chemicals and scents that can alter the pH of a woman's cells.

Women today need a solution that is handy, mild and effective - that understands their body and cares for it like a true partner.

SOLUTION

Deltas V HYGIENE wash is a specifically formulated herbal female intimate wash solution - that helps in maintaining a natural pH in the

vaginal lining and reduces chances of microbial infections.

PRODUCT

Deltas V-Hygiene WASH is specially formulated with active plant based ingredients that are purely natural and cleanse the tissues. The product contains herbal extracts like that of A. indica (neem) which is a potent anti-microbial and astringent.

Ghritkumari (Aloe vera) smoothenes the local skin reducing irritation and maintaining freshness.

Bada nimbu (C. medica) provides healing properties and reduces foul odor.

The entire formulation is based on a pH base that is as close to the natural pH of the genital area thereby providing protection and cleansing of the area. The natural fruity flavor present in V-Hygiene WASH provides fresh aromatic fragrance for 4-6 hours. It provides instantly clean and non-tacky feeling. This product maintains natural vaginal stability and retains complete vaginal health by gently cleaning the intimate parts without affecting the natural softness of the area.

COMPOSITION

Neem (Azadirachta indica) Seed Aqueous ext. 0.50%, Ghrit kumari (Aloe barbadensis) Leaves pulp ext. 0.50%, Matulung (Citrus medica) Peel oil 0.25%, Ushira (Vetiveria zizanoides) Root 0.02%. Permitted Base material q.s.

APPLICATION

• **Method for use:** Wet the area, use a small portion on palm or sponge and apply to the external genitals. Wash thoroughly. Repeat the process once again if required. Repeat at least 2-3 times a day • **For general hygiene:** Use 2 times a day. • **In fungal**

infections: Use 3-4 times a day; dry the area well. • **During menses:** Use every time during a pad change. • **Peri menopausal:** Use once daily

GUIDE

• **For general hygiene:** Use V-HYGIENE with LIVcare Tablet. • **In fungal infections :** Wash area with water and apply V-Hygiene WASH. Use PANCHATULASI Drops with drinking water for enhancing the immunity.

APPLICATION

• **Method for use:** Wet the area, use a small portion on palm or sponge and apply to the external genitals. Wash thoroughly. Repeat the process once again if required. Repeat at least 2-3 times a day • **For general hygiene:** Use 2 times a day • **During menses:** Use every time during a pad change. • **Peri menopausal:** Use once daily.

QUITOMOS Cream

Essential Oil based mosquito and insect repellent

Today, the global public enemy no.1 is mosquito. Be it the Zika virus in America or dengue, chikungunya and malaria in India, mosquitoes are wreaking havoc across the globe. Public health in India too, is under the constant pressure of dealing with vector borne diseases due to mosquitoes. These serious infections make a person fatally ill leading to deaths in many cases.

Those who survive often require upto 6 months to recover completely. While people have extensively started using mosquito repellents in their homes, these can only offer a temporary solution that too within the confines of the home. Often, many of the electronic repellents may not be enough in larger areas of the homes such as in balconies, verandah etc. Using mosquito repellent coils are known to cause carcinogenic fumes and can be dangerous to little children or immune-compromised people.

Most mosquito repellants also use synthetic pyrethroids, a structural derivative of naturally occurring pyrethrins (an extract from the flower, chrysanthemum). Some of them also contain DEET as their active ingredient that can cause neurological damage leading to disorientation, clumsiness when walking and seizures.

Thus, a safe but effective option that can be used in people of all ages and health status is required.

SOLUTION

Although herbal formulations are available in the market, not all of them have a purely 100% plant based formulation. Deltas QUITOMOS CREAM offers the best of both worlds combining high efficacy against mosquito bites as well as offering a completely natural formulation that is safe for everyone.

PRODUCT

QUITOMOS CREAM is an optimal formulation that contains a potent blend of 100% plant based derivatives, thus is a completely natural solution devoid of any synthetic components.

The highly potent bio active phyto oils present in QUITOMOS CREAM provide anti mosquito effect for nearly 6-8 hours at a stretch. The citronella oil (*Cymbopogon citratus*), lemon eucalyptus oil (*Eucalyptus citriodora globulus*) and basil oils (*Ocimum citriodorum*) repel mosquitoes as they approach the zone near the treated skin. Apart from mosquitoes, it also protects you against other small insects such as gnats, flies etc. due to the presence of neem oil and soyabean oil.

The purely herbal composition ensures that apart from its protective action, the cream also acts cosmetically as a moisturizer and oleant to the skin. Natural citronella extracts in the cream provides a soothing effect thereby protecting from prickly heat too.

Thus, QUITOMOS CREAM provides the perfect blend of essential phyto oils and traditional knowledge to combat the rising menace of mosquito and vector borne infections.

COMPOSITION

Each gram of QUITOMOS CREAM is prepared by following ingredients: Citronella (*Cymbopogon citratus*) Leaves oil 2.00%, Lemon Eucalyptus (*Eucalyptus citriodora globulus*) Leaves oil 0.50%, Basil (*Ocimum citriodorum*) Leaves oil 0.50%, Neem (*Azadirachta indica*) Seed oil 4.00%, Soyabean (*Glycine max*) Seed oil 2.00%, Permitted Excipients & preservatives q.s.

APPLICATION

- **For general day to day protection:** Apply evenly over the skin and repeat after every 6-8 hours.
- **For travelling in mosquito prone**

areas: Apply a thick layer before venturing out in open. Repeat at shorter intervals of 4-5 hours • **During day time:** Protect against dengue causing vectors by using everytime you are outside • **In children:** Use a thin layer applied evenly before going out to play and school. Can be safely used in children over 2 years of age. Avoid using on broken skin. Do not apply on lips, eyes and mouth.

GUIDE

- **For general protection:** Use it daily as directed.
- **During epidemic of malaria/dengue/chikungunya:** Use it alongwith PANCHA TULASI Lozenges, LIVcare Tablet, ALOE Vera Juice and JODDCare Tablet to maintain immunity
- **In mild to moderate fever:** Use it as a prophylaxis to prevent mosquito bites alongwith LIVcare Tablet.

VATSAL BABY Cleanser

Herbal Phytoactives for gentle cleansing

Touch is the only way which helps new born babies to learn and navigate their world. Also, the sense of touch helps infant learn about their environment and bond with other people. Infants are bound to touch and feel the things & objects around them; which help them to develop their senses such as touch, vision & feel. But, most of the times parents are worried to allow their infants to do so as frequent touching to things in the surrounding environment can lead to transmission of microbial contaminants, consequently causing many infections & health issues.

A body cleanser for the growing infant can help them to sense & explore the world to develop in the best possible ways alongwith effective protection from germs & infections. But most of the synthetic cleansers available in market today can cause excessive drying, allergies and skin irritation due to high chemical content. Thus, Herbal cleanser with minimum chemical load can be more acceptable by baby's body and does not cause any irritation.

SOLUTION

Vatsal BABY CLEANSER is a well-researched herbal formulation devoid of synthetic components found in baby soaps. This plant based product allows the body to stay in organic environment and allows sufficient breathing to the skin. It is a combination of carefully chosen herbs that are well documented to have skin emollient and cleansing properties. It rejuvenates & regenerates cells' ability for retaining moisture.

It also provides nourishment to infant's delicate skin without causing any irritation and harm to the skin.

PRODUCT

Vatsal BABY CLEANSER has the goodness of pure organic herbs. These herbs provide strong nurturing action

by its anti-oxidant, mild emollient and soothing properties. All herbs act synergistically to ensure a smooth, soft and disease free skin.

Ghritkumari (A. vera) confer anti-oxidant, anti-inflammatory and healing properties. Due to the presence of anthraquinones such as aloenin, barbaloin and iso-barbaloin, ALOE vera exhibits antimicrobial activity. Rosewater helps to maintain the skins natural pH balance, due to which it protects against various diseases and eczema. Rose (Rosa centifolia) contains high concentrations of vitamin C and is antioxidant & astringent in nature thus protects skin from damage and promotes its growth. It reduces inflammation, offers soothing and cooling effect to skin and alleviates skin irritation. Turmeric (Curcuma longa) exhibit anti-inflammatory, antimicrobial, antioxidant and anti-neoplastic properties.

Milk is an amazing natural cleanser, rich in B-vitamins, alpha hydroxy acids, calcium and other potent antioxidants and nourish skin cells from deep within and keeps skin moisturized throughout the day. It also prevents trans epidermal water loss thus helps restore more moisture into baby's gentle skin.

Thus, Vatsal BABY CLEANSER helps to reduce the bacterial load and acts as a mild exfoliator. It is completely devoid of synthetic colors and fragrances, thus does not cause any skin allergies.

COMPOSITION

Each 10ml Vatsal BABY CLEANSER is prepared by the following ingredients: Masoor (Lens culinaris) Seed Liquid Ext. 0.20%, Haldi (Curcuma longa) Rhizome Liquid Ext. 0.20%, Ghritkumari (Aloe vera) Leaves Pulp Liquid Ext. 0.20%, Gulab (Rosa centifolia) Flowers Liquid Ext. 0.40%, Reetha (Saponin) (Sapindus trifoliatus) Fruit Pericarp

Liquid Ext. 3.00%, Olive Oil (Olea europea) Fruit Oil 0.20%, Dugdh (Milk) Animal Product 0.50%, Base materials with permitted excipients & preservatives q.s.

APPLICATION

Pour Vatsal BABY CLEANSER on a wet sponge or hands, apply on the body, lather gently and wash with lukewarm water. Followed by use of Vatsal BABY LOTION for skin moisturisation.

VATSAL BABY

Diaper Rash Cream

Gentle healing for skin

Even though diapers make life easy as far as washing and disposal is concerned, but constant wearing of diapers can result in diaper rash. Diaper rash, is an irritating skin condition commonly seen in babies. The rash usually occurs in areas where the diaper touches the skin of the baby. The main cause of diaper rash is wearing a wet Diaper for too long leading to prolonged dampness and friction consequently irritating child's tender skin. Most often it is also caused due to yeast infection, bacterial infection, allergic reaction to diaper and contact between urine and stool with baby's sensitive skin. If left untreated, there is increased susceptibility for infection which can progress to macules and papules, even leading to erosions and crust. Most of the over-the-counter diaper rash creams are not safe for children as they may contain harmful synthetic chemicals such as steroids, parabens etc. leading to skin allergies, dryness and can further worsen the rashes.

This leads to a glaring need of a natural remedy which not only helps to reduce the symptoms of diaper rashes but also smoothens and hydrates the extra sensitive skin of babies.

SOLUTION

Vatsal Diaper rash cream is a therapeutic blend of medicinal herbs to soothe and heal irritated skin and rashes. It is made with natural products like Ghrit kumari (*A. vera*) and almond oil (*P. amygdalus*) which not only heals the rashes but also soothes and nourishes the skin. It does not block the skin pores, thus allows natural breathing of the skin.

It is completely free from harmful synthetic chemicals such as steroids, parabens, synthetic preservatives and fragrances. Thus, does not cause any side effects on long term use.

PRODUCT

Deltas Vatsal BABY DIAPER RASH CREAM is formulated specifically for your baby's soft & delicate skin. Natural anti-oxidants present in ALOEvera helps to keep natural firmness of the skin.

It acts as a moisturizer & soothes the skin by relieving inflammation, itching & irritation. Tulasi (*O. sanctum*) acts as an astringent and antibacterial agent which accelerates the healing of baby's skin. Almond Oil is an excellent skin softener, which moisturizes baby's skin. Natural Zinc by virtue of its moisture absorbing & anti-microbial properties helps to keep baby's skin dry as well as heal rashes. It is also known to have antiseptic and astringent properties. Neem (*A. indica*) possesses anti-microbial property which helps to soothe irritation and inflammation. It also contains important fatty acids and Vitamin-E which aids to rejuvenate the skin cells and restore elasticity. Rose water with its anti-inflammatory properties helps to reduce the redness of irritated skin. Anti-oxidant properties of rose water help to strengthen skin cells and regenerate skin tissues.

Thus, collectively the entire formulation ensures nourishment and moisturization of skin without making it greasy.

COMPOSITION

Each 10gm Vatsal BABY DIAPER RASH CREAM is prepared by the following ingredients: Ghrit kumari (*Aloe vera*) Leaves' Pulp Liquid Ext. 1.00%, Neem (*Azadirachta indica*) Internal Bark Liquid Ext. 0.50%, Tulasi (*Ocimum sanctum*) Leaves Liquid Ext. 0.50%, Gulab (*Rosa centifolia*) Flowers Liquid Ext. 0.20%, Badam Oil (*Prunus amygdalus*) Seed Oil 2.00%, Yashad Bhasma (Classical Preparation) 1.50%, Base materials with permitted excipients and preservatives q.s.

APPLICATION

Apply Vatsal BABY DIAPER RASH CREAM on rashes and around the area where the diaper's edges rub against baby's skin.

Diaper rash cream formulated for baby's soft and supple skin. Rejuvenates skin cells, accelerates healing & allows natural breathing of the skin

VATSAL BABY Lotion

Ayurvedic formula for baby's delicate skin

Babies and children can get dry skin just like adults do. As the baby skin is extremely sensitive and delicate; it is more susceptible to become dry. Exposure to cold, dry outdoor air and indoor heating can rob baby's skin of its natural moisture & can break out in dry patches. Even frequent washing of skin and bathing can dry baby's skin as it can also remove the skin's natural oils alongwith the dirt, making the skin more prone to dryness, peeling and flaking.

Therefore to keep baby's skin moisturized day long a reliable baby lotion is required. But most of the synthetic baby lotions available today contains harsh fragrances, chemicals and colorants & can cause further dryness, swelling, chafing, general irritation and rashes on skin. This leads to a glaring need of a natural moisturizer for the delicate and tender skin of the babies which could incorporate and offer soothing, healing and restorative properties.

SOLUTION

Vatsal BABY LOTION is plant based natural skin nourishing formula for delicate and sensitive baby skin leaving it soft all day long. It has goodness of cold pressed oils and skin hydrating herbs with anti-oxidant, emollient, anti-inflammatory and soothing properties, which acts synergistically to restore skin tone.

It is a long acting moisturizer which retains appropriate moisture for fresh looking skin without any side effects.

PRODUCT

Vatsal BABY LOTION is an Ayurvedic formulation that keeps baby's skin smooth, supple and protects skin from dryness. Wheat germ oil (*T. sativum*) contains vitamin B, which helps in repairing tissue damage and improves tissue growth. Wheat-germ oil is readily

absorbed by the skin and delivers a healthy infusion of vitamin A, vitamin D, B vitamins, antioxidants and fatty acids. These nutrients moisturize and heal dry or cracked skin.

Olive oil (*Olea europaea*) is a natural emollient and contains several essential fatty acids including oleic, palmitic, and linoleic acids. It is rich in vitamin E and anti-oxidants which restores skin to keep it smooth and supple. Ghritkumari (*A. vera*) is naturally rich in vitamins B1, B2, B3, B5, B6, B12, C and E; thus protects skin from free radical damage. It also soothes the skin and acts as an anti-inflammatory agent.

Ksheer Bala Tailam is a unique blend of medicinal herbs and oil processed in cow milk.

Ksheer Bala Tailam is beneficial in treatment of wide array of conditions however in children it is helpful for maintaining optimum skin health. It retains the sufficient natural oil in skin and restores the moisture in skin. It also helps in reducing rashes and acts as anti-inflammatory agent.

Vatsal BABY LOTION relieves from skin irritations, dryness, heat, rash and itching; also helps to moisturize skin effectively and protect skin from allergies. Being a completely natural product it is free from parabens, synthetic fragrances and preservatives and thus safe for term use without any side effects.

COMPOSITION

Each 10ml Vatsal BABY LOTION is prepared by the following ingredients: Ghritkumari (Aloe vera) Leaves' Pulp Liquid Ext. 1.00%, Wheat Germ Oil (*Triticum sativum*) Wheat Kernel Oil 0.20%, Olive Oil (*Olea europaea*) Fruit Oil 0.20%, Ksheer Bala Tailam (Classical preparation) 0.75%, Base materials with permitted excipients and preservatives q.s.

VATSAL BABY OIL

Tonic for healthy skin & active muscles

Touch is the primary communication received by a newborn. Touch is an important modality for the facilitation of growth and development; has positive effects on sensory developments of newborn. In Indian culture infant massage has been a longstanding tradition. Many researches have shown that massage acts as psychological food for infant, also passes mothers energy to the baby thus helps the baby to connect with mother in a positive way.

Some of the benefits of baby massage include better sleep for the baby, reduced stress and cranky behavior, relief from flatulence, improved thermoregulation, motor development, and relief from congestion and also has a positive effect on growth. The gentle strokes of massage are also thought to generate heat which also encourages good blood circulation. Age old Ayurvedic texts have also enumerated infant massage for baby's physical growth, emotional well-being, cognitive function and overall health.

Unfortunately most of the Baby oils available in market contains harmful mineral oils. These toxic mineral oils, synthetic preservative chemicals and heavy metals can penetrate the gentle skin of baby and can cause multiple harms to baby's health. Thus, it is imperative to have natural & effective baby oil which could help to improve baby's health and development without any side effects.

SOLUTION

Vatsal BABY OIL is 100% herbal oil for the tender skin of baby. It is enriched with unique and effective herbs that strengthen the muscles, joints, ligaments and bones. It also protects baby's fragile & sensitive skin from infection & dryness. Being a completely natural product, it does not contain

liquid paraffin, petroleum product, mineral oil or any other chemical preservatives which are known to take away the natural oil from the skin. Thus, Vatsal BABY OIL is safe & effective to be used for new born babies as well as children throughout their growing age without any side effects.

PRODUCT

Vatsal BABY OIL is herbal baby massage oil with a blend of cold pressed oils and Ayurvedic Herbs for the tender skin and muscles of the infant. Pure cold pressed oil of Sesame (*S. indicum*) is easily absorbed in skin and is high in vitamins (A, B, E) & minerals. Due to the presence of linoleic acid, Sesame oil imparts antibacterial properties. It is rich in magnesium, copper, calcium, iron, zinc & vitamin B6 thus helps to improve strength of muscles and bones. Urad (*P. mungo*) have skin nourishing and rejuvenating properties. It is beneficial in reducing pain & inflammation. Kapoor (*C. camphora*) has antiseptic, anti-spasmodic, anti-inflammatory and antimicrobial properties & also supports flexibility of joints.

Ratanjyot (*Alkanna tinctoria*) acts as muscle relaxant, provides soothing and calming effect to the body. As per Ayurvedic texts, Lakshadi oil has been traditionally regarded as important for health of skin, cartilage and tendons, also acts as a good source of nutrients for the growing tissues. It is also beneficial in relieving muscular stress, helping the child to sleep better.

Shankhpushpi (*C. pluricaulis*) helps in relieving muscle and bone stress. It is extremely helpful in improving sensory perceptions like touch, pressure, temperature in baby. Nagarmotha (*C. scariosus*) possess anti-inflammatory properties and is helpful in muscle relaxation and bone growth. Rasna (*P. lanceolata*) has been used in massage

oil as well as in traditional Ayurveda as a potent pain reliever. Regular massage with this oil promotes overall growth and keeps the baby active.

COMPOSITION

Each 100ml Vatsal BABY OIL contains: Ratanjyot (*Alkanna tinctoria*) Root 1.70%, Shankhpushpi (*Convolvulus pluricaulis*) Panchang Liquid Ext. 0.10%, Nagarmotha (*Cyperus scariosus*) Root Liquid Ext. 0.04%, Rasna (*Pluchea lanceolata*) Leaves Liquid Ext. 0.05%, Urad (*Phaseolus mungo*) Seed Liquid Ext. 0.80%, Neelgiri Oil (*Eucalyptus globulus*) Leaf 1.00%, Sesame Oil (*Sesamum indicum*) Seed (Oil) 95.96%, Lakshadi tail (Classical Preparation) 0.50%, Kapoor Crystal (*Cinnamomum camphora*) Wood Ext. 1.00%, Base materials with permitted excipients & preservatives q.s.

APPLICATION

Massage baby's body with Vatsal BABY OIL, preferably half an hour before bath time.
